We would call your attention to the Rink Company's advertisement showing schedule of season tickets. Everything is in the shape at the rink and all that is needed is a few more visits from Jack Frost. The management is planning on a good season of skating and winter sports. Every night of the week will be devoted entirely to general skating with the exception of one night which will probably be devoted altogether to hockey. This will insure skaters of the very best possible use of the ice. The Rink Company needs the support and patronage of the citizens of the town and the final outcome of our rink will largely depend on its success this winter. The management is disposed to do everything in its power and looks for each and every citizen to be a booster. Get your season tickets from the Secretary, Mr. A. F. Little, or at Magee and Charltons.

## SECOND SOCIAL GATHERING OF SEASON UNDER AUSPICES ST. JAMES' BIBLE CLASS.

A very pleasant evening was spent in St. James church schoolroom on Wednesday of last week, it being the occasion of the second of this seasons series of social gatherings held monthly under the auspices of the Bible Class. As is usual for these evenings, a good and well varied programme had been provided, for which the committee and those taking part deserve a special word of praise. After the programme refreshments were served and the proceedings brought to a close by the singing of the National Anthem.

## Mothers Treat Colds The New "Direct" Way

No Longer Necessary to "Dose" Children With Internal Medicines to Break Colds.

Children's digestions are easily upset by too much "dosing." Vicks VapoRub being externally applied, does not upset little stomachs. At the first sign of croup, sore throat, or any other cold trouble, apply Vicks just "rub it on."

We have a fresh stock of raisins, currants, citrons, orange and lemon peel and all the things that should be in that cake and our prices are guaranteed to be as low as any for the quality
