A BRIDE'S CONFESSION

"Yes, dear, I am married now, and George and I are keeping house in the loveliest flat on 6th St. Well yes, we did get married somewhat suddenly. My health had for some time been very delicate, and Henry, my mamma's maid, feared I would follow poor, dear sister Nelly, who died three years ago from a wasting disease. Dear George was almost crazy when mamma told him what the doctor said, and I nearly cried my eyes out, but one day I overheard that hateful Nelly Parker" say to her mother, "I think that George Blauvelt is just too lovely for anything, and when the girl he's engaged to die, and they say she is dying of a galloping consumption, I'm going to step in her shoes and become Mrs. George Blauvelt; now just you wait and see. This spring I noticed George seemed to be a gentleman indeed, and I should never have married, and I thought that that delectable husky might get him after all, nearly drove me crazy. One day I read the testimony of Lawrence Howe, and Hummel as to the wonderfully invigorating effect of DR. CAMPBELL'S ARSENIC WAFERS, and I resolved to try what they would do for me. I commenced their use on the 4th of July. George had just called for Europe on business for his firm. On Sept. 18 he returned. I was, from the use of the Wafers, by that time again a well woman, and so enraptured was he with my healthy and robust appearance that he insisted we get married the very next day. I could not say him nay, and, as you will see, my word, I am now Mrs. George Blauvelt. Do call soon and let me introduce George to you; I am sure you will like him, he is a handsome, and as good as he is handsome. Good-by; be sure not to forget."

THE DEY OF ALGIERS!

The SHAH OF PERSIA and the SULTAN OF TURKEY and MOBOCCO now FATTEN and BEAUTIFY their harems entirely on DR. CAMPBELL'S ARSENIC COMPLEXION WAFERS. So great is the demand for these marvellous Wafers that their manufacture is continued day and night.

"The Shah found his harem in a state of disorder on his return to Persepolis." — N.Y. World, Oct. 12, 1889. Reason—Their supply of CAMPBELL'S WAFERS was exhausted!

ILLUSTRATIVE of the desirability of a certain amount of plumpness, rumour has it that the above distinguished Oriental Potentates make it a practice to WEIGH their wives regularly once a month, precedence in rank and imperial favour being accorded to the wife possessed of the greatest number of pounds avoirdupois.

Pearline Washing Compound

has become more popular with the women of this land—in less time—than anything ever invented for the household.

The intelligent rich use Pearline because of the superior results obtained—perfect cleanliness.

The intelligent middle class—because of the superior results, and the fact that, in doing away with the rubbing, it does away with the worst of the wear and tear on clothing and paint—makes a saving.

The intelligent poor—because it takes the drudgery out of their hardest work—a delicate woman can do a large wash with the aid of Pearline—*know it's better than soap.*

PEARLINE will wash clothes—clean paint, china, silver, glassware, windows, oil paintings, carpets without taking up—better—in less time and with less labor, than anything known; besides it is absolutely harmless.

Peddlers and some unscrupulous grocers are offering imitations which they claim to be Pearline, or "the same as Pearline." IT'S FALSE—they are not, and besides are dangerous. PEARLINE is never peddled, but sold by all good grocers.

Manufactured only by JAMES PYLE, New York.

Chronic

Catarrh destroys the sense of smell and taste, consumes the cartilages of the nose, and, unless properly treated, hastens its victim into Consumption. It usually indicates a scrofulous condition of the system, and should be treated, like chronic ulcers and eruptions, through the blood. The most obstinate and dangerous forms of this disagreeable disease

Can be

cured by taking Ayer's Sarsaparilla. I have always been more or less troubled with Scrofula, but never seriously until the spring of 1882. At that time I took a severe cold in my head, which, notwithstanding all efforts to cure grew worse, and finally became a chronic Catarrh. It was accompanied with terrible headaches, deafness, a continual coughing, and with great soreness of the lungs. My throat and stomach were so polluted with the mass of corruption from my head that Loss of Appetite, Dyspepsia, and Emaciation totally unfit me for business. I tried many of the so-called specifics for this disease, but obtained no relief until I commenced taking Ayer's Sarsaparilla. After using two bottles of this medicine, I noticed an improvement in my condition. When I had taken six bottles all traces of Catarrh disappeared, and my health was completely restored.—A. B. Cornell, Fairfield, Iowa.

For thoroughly eradicating the poisons of Catarrh from the blood, take

Ayer's Sar

saparilla. It will restore health and vigor to decaying and diseased tissues, when everything else fails.

Great and timely wisdom is shown by keeping Dr. Fowler's Extract of Wild Strawberry on hand. It has no equal for cholera, cholera Morbus, diarrhea, dysentery, colic, cramps, and all summer complaints or looseness of the bowels.

DID your husband leave a will?" Said the lawyer of the weeping widow for the second time. "I don't know he could. I know he never had any as long as I've been married to him."

What is a Day's Labour?

ONE day's work for a healthy liver is to secrete three and a half pounds of bile. If the bile secretion be deficient, constipation ensues; if profuse, biliousness and jaundice arise. Burdock Blood Bitters is the most perfect liver regulator known in medicine for preventing and curing all liver troubles.
