“As an evidence of the growing popularity of our artistic products we take pleasure in recording the sales, IN THE SAME WEEK, of three PRATTE PIANOS, the best in every respect that the Pratte Piano Co. can turn out. One was shipped to VANCOUVER, B.C., to adorn one of the finest houses on the Pacific Coast; another to LONDON, England, to be placed in one of the fashionable mansions, and the third to PARIS, France, ordered by a musician.”—
Journal of Commerce.
