

Something new. Just out.  
**Non-Substitution Hinges.**

Here is just what you are looking for. An enterprising collector who lost heavily by substituting on his approval sheets, after experimenting all the year has just invented a protecting hinge. It is just the thing for approval sheets and exchange books as stamps CANNOT be removed without detection.

These hinges are made especially for use by a large western paper house.

They are put up 3,000 hinges in a package. Price 40c per package or 3 for \$1.00, postpaid. Reliable agents WANTED.
