Your Spare Money

will earn you a certain amount yearly if you put it in a savings bank. It may not earn much, but **it will be safe.**

If you use it to buy some very much more profitable investment, you will have better immediate returns, but **it is not so certain** that it will be **safe.**

A better course is open. Put it into a policy in

THE MUTUAL LIFE OF CANADA

and you will have a better return, probably, than the bank rate, quite as good security as the bank can give, and protection thrown in.

Which method of disposing of your spare money do you prefer?

SAL HEPATICA

The original effervescent Saline Laxative and Uric Acid Solvent. A combination of the Tonic, Alterative and Laxative Salts similar to the celebrated Bitter Waters of Europe, fortified by addition of Lithium and Sodium Phosphates. It stimulates liver, tones intestinal glands, purifies alimentary tract, improves digestion, assimilation and metabolism. Especially valuable in rheumatism, gout, bilious attacks, constipation. Most efficient in eliminating toxic products from intestinal tract or blood, and correcting vicious or impaired functions.
