NEW BOOKS.

GETTING ON IN THE WORLD, or hints on success in life.

By William Mathews, LL.D., Professor of Rhetoric and English Literature in the University of Chicago. 330 pages. Crown 8vo. Cloth \$1; paper 75 cents. Belford Bros., Toronto.

Too much praise cannot be awarded Professor Mathews for the palatable manner with which, in the work before us, he has treated a subject usually dry and forbidding to the younger portion of the population. It is not alone, however, to the younger men of the day that the present work commends itself; older and experienced business men will find in its pages useful hints which may be applied to their every day labours. The following are the subjects treated:

Success and failure, good and bad luck, choice of a profession, physical culture, concentration or oneness of aim, self-reliance, originality in aims and methods, attention to details, practical talent, decision, manner, business habits, self-advertising, the will and the way, the will and the way continued, reserved power, economy of time, money, its use and abuse, mercantile failures, over work and under rest, true and false success.

MONTREAL GENERAL MARKETS.

MONTREAL, JULY 27th, 1876.

But few of the dry goods travellers have been heard from as yet, and these report a more hopeful feeling among country merchants, but with a sturdy determination to buy with caution. The dry goods trade is not likely to improve matters by rushing their travellers out so early, and it were much better if all should agree not to send out before a certain time, which as yet is a little early, as people await some estimate of the result of the Fall wheat yield before deciding what policy to pursue in making their purchases. One or two houses are importing very heavily, but it may be they have more sagacity than their neighbors, but we incline to doubt the wisdom of heavy importations, at least till the harvest yield shall prove itself. The money market continues unchanged the slight demand for moving wool, cheese, butter, grain, &c., being scarcely felt in the general plethora of funds lying idle at the banks. Remittances during the week have

been very fair, being much better from Kingston east of late. This is chiefly owing to farmers realizing upon surplus feed held through the winter, and which the experience of the winter before last induced them to hold over.

ASHERS.—Receipts of Pots continue moderate, while the whole quantity of Pearls received in July has only been 61 brls. Last Saturday a very unexpected advance took place in First Pots, which have sold to the extent of 250 brls. at \$4.40 to 4.50, according to tares, but as few would "follow the leader," the market closes heavy with a decline of 10c per 100 lbs. Seconds have been brisk at \$3.30 to 3.40. Thirds purely nominal, none offering. In Pearls there have been sales at \$1.85 to 1.90 for Firsts, and \$3.90 to 4.00 for Seconds, of this sort there are very few left unsold. The receipts for the year have been 8,413 brls Pots; 583 brls Pearls; the deliveries 5,939 brls Pots; 564 brls Pearls, and the stock in store at 6 p.m. on 27th July was 4,555 brls Pots, and 1024 brls Pearls.

BOOTS AND SHOES.—A fair demand continues for future delivery, and at about former rates which do not vary materially from last year. An inclination is, however, perceptible to lower prices a little on heavy staples and low qualities. As this is scarcely developed we do not alter quotations, and merely give our readers the benefit of the hint.—See prices current.

CATTLE.—There is no change to note in prices since last week. At the St. Gabriel market on Monday there were about 13 carloads of cattle offered. The market was dull, and prices for first-class cattle remained firm at \$5; inferior class brought from \$4.40 to \$4.75. A dealer from Windsor sold 30 head at \$5.00 per 100 lbs, also 21 head of grass fed cattle at \$1.124. A carload of hogs which were shipped from St. Mary's were disposed of at \$6.124 per 100 lbs, the same dealer also sold 35 others at \$6.62 per 100 lbs. 121 hogs were sold on the 21st inst. at \$6.40. There were no sheep or lambs on the market.

CHEESE.—At the Ingersoll market this week 24 factories only registered their offerings, while over 70 factories were represented. 7,171 boxes offered and 1,555 boxes sold; 1,095 sold at 8c., and 460 at 84c. 8c. is top price for choice. Market very dull. Cattle 45s. At the Little Falls market this week 7,500 boxes offered; 5,000 boxes sold at 9c., 400 at 94c., 1,800 sent on commission; few sold under. Market very dull. In New York the week receipts show 81,523 boxes vs. 73,858 boxes the previous week, and 94,055 boxes the corresponding week in 1875. The exports for the week were 85,014 boxes vs. 64,255 boxes the previous week, and 65,987 boxes the corresponding week 1875. The high temperature and scant steam freight room are against the trade. These prices are equal in gold as follows:—84c. U.S. is equal to \$7.38; 84c. is \$7.60; 9c. is \$8.05; 94c. is \$8.27. Freights from Ingersoll to Liverpool via G.T.R., Allan Line, 80c., and to Glasgow 80c.; N.Y. Central to Liverpool 87c., Erie to Liverpool 87c., and to Glasgow 87c., and London 81c. To London via Temperley Line (G.T.R.) 80c., Dominion Line and rail, to Liverpool 75c. G.W.R. via Hamilton and boat 70c. to Liverpool.

DRUGS AND CHEMICALS.—The remarks in last week's report will apply equally well this week. The usual midsummer stagnation is on us, and little improvement is expected for some time.—We quote.—Soda Ash, \$1.90 to \$2.25; Sal Soda, \$1.35 to \$1.50, according to quantity; Soda Bicar, \$3.50 to 3.75; Caustic Soda, 34c. to 34c.; Alum, 2c. to 24c. Extract Logwood is easier, and is quoted 11c. to 114c. for bulk, and for packages in proportion. Bleaching Powder, 12c. to 2c.

Dry Goods.—The City retail trade continues better than usual at this particular season of the year. We are pleased to learn that travellers now on the road are meeting with very good success, and although orders are not large, they are given freely and much more cheerfully than they have been for last two or three seasons. Collections are more satisfactory than it has been our wont to report of late.

FISH.—Codfish brl \$4.50 No. 2; New not worth \$5.50. Dry Codfish prime, \$5.50; No. 1 New
