\* Where an asterisk appears, caution should be used when comparing the representation of women in the department's group to the representation of women for the same group across the Public Service. This is because the department is the principal user of employees in the group, thus influencing greatly the Public Service figures.

Source: Departmental data were obtained from the 1976, 1978 and 1979 departmental EOW Annual Reports. Public Service data were obtained from the 1975
