

## ARTICLE I

For the purpose of this Agreement:

- (a) "Appropriate governmental authority" means for Canada, the Atomic Energy Control Board, and for the Union of Soviet Socialist Republics, the Ministry of Atomic Power and Industry of the USSR;
- (b) "Equipment" means any of the equipment listed in Annex A to this Agreement;
- (c) "Nuclear material" means any source material or any special fissionable material as these terms are defined in Article XX of the Statute of the International Atomic Energy Agency which is attached as Annex B to this Agreement. Any determination by the Board of Governors of the International Atomic Energy Agency under Article XX of the Statute of the International Atomic Energy Agency, which amends the list of material considered to be "source material" or "special fissionable material", shall only have effect under this Agreement when the Parties to this Agreement have informed each other in writing that they accept that amendment;
- (d) "Non-nuclear material" means any of the material listed in Annex C to this Agreement;
- (e) "Person" means any individual, corporation, partnership, firm, association, trust, estate, public or private institution, government agency or government corporation and their agents but does not include the Parties to this Agreement;
- (f) "Technology" means technical data that the supplier Party has designated, prior to transfer and after consultation with the recipient Party, as being relevant in terms of non-proliferation and important for the design, production, operation or maintenance of equipment or for the processing of nuclear material or non-nuclear material and includes, without being limited to, technical drawings, photographic negatives and prints, recordings, design data and technical and operating manuals, but excludes data available to the public.
