EWMARKET WANTS HYDRO POWER;

Proposed Agreement to Tie Up the Town For Five Years to a Private Corporation Was Rejected by 248 Votes to 227.

The property owners of Newmarket lorsed public ownership and hydroelectric power yesterday by voting gainst the bylaw to make a power supply agreement with the Metropoitan division of the York Radial Railway Co. The majority was 21 against bylaw, the total vote cast being 475; 227 for and 248 against.

It was no easy victory, and those orting the radial agreement did dream of defeat. All the lown ouncil except Deputy Reeve Hunter and the majority of the prominent usiness men in the town favored the ement, and they spared no effort

agreement, and they spared no enorge to have it carried.

A Bitter Fight.

From the time the poils opened to the last minute of voting, they carried on an aggressive campaign from a room in the rear of the Royal George Hotel with a large fleet of automobiles.

The hydro supporters had only one auto, that of R. B. Smith, whose office on Main street was the hub of the "People's Power" campaign.

Vote By Wards.

The voting in the different wards was as follows:

St. Andrew's ward..... 85 84
St. George's ward..... 59 96
St. Patrick's ward..... 83 68

The real fight dates from the Hqn.

Adam Beck's visit over a week ago,
when he inspired the little group of
hydro supporters to further efforts,
which culminated in victory yesterday.

Deputy Reeve Hunter, who supported hydro from the beginning, and stuck to it like glue; J. D. McKay, registration for North York, who has talked himbelf hoarse with some of the best cambaign speeches that have ever been delivered; R. M. Merrit, principal of the high school; Dr. C. H. R. Clark, C. E. Lundy, R. B. Smith, W. E. Rutledge and John Curry, all worked for the defeat of the bylaw.

Some voters from outside points claimed to have received free transportation to Newmarket. One man from Sutton, in fact, who did not have a vote, rejoiced in the occasion which save him a joy ride.

Let the people should think they were dishonest. Why is there this wear? Why:

Public opinion as to the honesty or dishonesty of men transacting public by their based, not upon the length of time their forefathers lived in this neighborhood, but upon their own actions. It is by their actions that the people know them and judge them. Was our council honest with the elections when they refused them the right to choose which power they would save?

Were they honest with the citizens when they refused to invite the Hon. Adam Beck here to explain the hydrosystem?

Public opinion as to the honesty or dishonest, Why:

MUST BUILD THREE DREADNOUGHTS AND AWAIT CANADA'S DECISION

LONDON, May 30.—(C. A. P.)—The Daily Mail, commenting on the senate's rejection of the naval bill, says that the only course for the admiralty to adopt now is forthwith to lay these three ships down. Should the Canadian people ultimately vote for Borden's proposal the cost of the vessels will be provided by Canada, and they will be completed by the critical date of 1915. If, on the other hand, the Canadian people reject Borden's bill the navy will not be deprived of the vessels which are essential for the empire's safety.

Reporter.)-The campaign against the Metropolitan bylaw was not without Thursday night's torch light meeting was undoubtedly the decisive platform duel, and the pointed remarks of Gordon Wilson, M.P. for Wentworth, and F. S. Beck of Brampton, were freely bandied about by the campaigners yesterday. The enthusiasm evoked at that meeting stayed thruout the next day and did not vanish with the morning.

Metropolitan bylaw was not without its acrid moments at times, and it is reported that the decisive defeat of the council's proposal subsequent to the issue of a circular questioning their honesty of purpose, will result in the resignation of the whole council with the exception of Deputy Reeve Hunter. the council's proposal subsequent to Dozen Charming Nurse Girls In-
