**SHELDON & SHELDON,
GALT, ONT.**

FORMERLY M'CAHREN HEATING & VENTILATING CO.

Pays For Itself

A Mumford Standard internally fired boiler requires from 10 to 25 per cent. less fuel than a return tubular boiler.

A saving of only 10 per cent. will cover the cost of the boiler in five or six years.

A Mumford boiler will therefore pay for itself several times during its lifetime.
