

License District of Glengarry, which was unavoidably prevented from being submitted before, as explained in an eminently satisfactory manner by the Inspector of said District.

Your Committee would recommend that the full amount of \$853.33, being the estimated expenditure, including previous deficit, up to 1st May, 1888, be paid over by the Treasurer of these United Counties to the license fund of the License District of Glengarry.

Your Committee beg leave to report in reference to the License District of Cornwall, that a large sum of money accruing from fines under the Canada Temperance Act, is being held over by the officials in Cornwall, instead of being paid over to the Treasurer of these United Counties, and in view of the fact that an attempt is being made to divert said money from its proper and legitimate channel, your Committee would recommend that the Warden and Clerk be authorized to lay the matter before the Minister of Justice at Ottawa, and the Provincial Secretary at Toronto, requesting them to take such steps as will instruct the monies to be paid into the proper place, and that the corporate seal be attached to said communications.

Your Committee beg to acknowledge the receipt of Statements of Receipts and Expenditures for License year 1886-7, from Mr. Wm. Pollock, Inspector, showing a Receipt of \$1045, and disbursements to the amount of \$563.76, with a balance of \$564.76, deposited in the Bank of Montreal, to credit of License Fund.

Your Committee beg also to acknowledge an application from Police Magistrate Bow, of Dundas, asking for an appropriation of \$58 to pay expenses of travelling, hall rent, etc. Your Committee beg leave to report that, as it appears that the proper and legitimate way for payment of above amount is from the license fund, they cannot therefore recommend payment of claim.

Your Committee beg leave to acknowledge the receipt of Statement of Receipts and Expenditures from the License District of Stormont, showing forth fines collected from date of appointment of Inspector, to date of Order in Council, 15th Nov., 1886, amounting to \$775; also showing fines collected subsequent to Order in Council of Nov. 15, 1886, amounting to \$790, with disbursements of \$1124.65, which

with \$180 druggist licenses deposited in bank, makes an amount of credit as per Inspector's account of \$1304.65. Your Committee would recommend that said account be forwarded to the proper officials at Toronto, requesting them to tax said account, as it appears that portions of said account should be charged to license fund account, and other portions of which should come under the supervision of this Council.

Your Committee beg leave to report the receipt of statement of monies received by the Treasurer of these United Counties, and disbursements made from same as follows:—

License District of Cornwall—

Disbursements,		1000
Bal. in hand,		50

Your Committee beg leave to note that there is an improvement in the returns from the different Inspectors, and more in compliance with the law, and feel satisfied that as the officials became better acquainted with their duties, this Council will be placed in a better position to more easily make the proper disbursements for the proper enforcement of the Act. All of which is respectfully submitted.

GEO. STEACY,
Chairman.
