NEW BIG BREAKS

Allies' Triumphs and Other Favorable Factors Cause Slump at Chicago.

Chicago, July 19.—Fresh successe of the entente allies led to big new breaks today in the corn market Prices closed unsettled, 2 7-8 to 3 5-8 net lower, with August 152 1-2 to 152 5-8 and September 153 to 153 1-4. Oats finished 7-8 to 1 5-8 and 1 3-4 down, and provisions off a shade to

Bearish sentiment regarding corn became so pronounced that the August delivery was forced down more than 10c under the high point of the previous day and nearly 14c below the top figures of today. In addition to war news, the favorable weather was against the bulls and so too were liberal receipts. Besides reports were current that the food administration had ordered interior public elevators cleared as far as practicable so as to make room for the new wheat crop. Thruout the day buying support was limited except from shorts whose profit-taking induced numerous, but genfit-taking induced numerous, but gen erally transient rallies.

Adverse crop reports from the Can-adian northwest made the oats market show stubborn resistance to selling pressure. The continued weakness of corn, however, together with talk of devoting elevator facilities more larg-ly to wheat, caused much unloading of

oats after midday.

Provisions finally eased off a little with grain despite higher quota-tions on hogs, and notwithstanding liberal shipments.

food board today that an example had been made of Messrs. Ryan Bros. had been made of Messrs. Ryan Bros. of Truro, N.S.
