YORK COUNTY AND SUBURBS

Toronto Junction, June 22.—A special meeting of the town council was held to-night. Committees were received from Gunn Company, Limited, calling the attention of the council to the condition of St. Clair-avenue, in the vicinity of Albany-road. There were three requests for water services, which were referred to the superintendent for report. Mr. Oeler asked to have a light placed on the corner of Jane and Annetto-streets. Councillor Bull called attention to the unsafe condition of the Weston-road bridge. Councillor Irwin drew attention to the fact that Ball & Co. were erecting a two-story building contrary to the fire bylaw. F. J. Davidson of the Giant Manufacturing Company asked permission to erect a varnish factory on the Weston-road. This was referred to the executive committee. The contract for the removal of ashes and garbage was given to Jarvis Digby at \$185 for the year. There being only one tender for the removal of night soil, it was referred back to the work committee.

The general committee in charge of the Twelfth of July celebration met to-night and received the reports of the various sub-committees. A number of ladies of Annetto-street Methodist Church offered to serve dinner to the visiting brethren in the basement of the church. The offer was accepted. They will meet 200 at a time.

The Canadian Order of Chosen Friends held their regular meeting in the Thompson Hall to-night. The Street Foreman Moon has moved the sidewalk and telegraph poles back to the C.P.R. fence on West Toronto-street, adding 6 feet to the width of that roadway.

Sheriff of York.

Newmarket, June 22.—A good deal of interest is being manifested as to who will be the sheriff for York County. It is said in places that the appointment will go to some one in North York. This may not be true. T. Herbert Lennox, M.L.A., who has been at Niagara camp, is expected home this week. In the course of a few days a selection will be made.

Among the many applicants for the position are Mr. T. H. Brunton, resident of the county for more than a score of years, and an ardent worker in public affairs.

Major Allan, who was in active service in the Northwest in 1885, and of North York's "Old Boys."

Danforth Roche, a promising merchant and the father of the "cash system."

Mayor Daville of Aurora has a large number of friends who would like to see him secure the coveted plum.

Mr. James Anderson, an old standard-bearer and veteran in the ranks. J. D. McEwen, editor of The Express-Herald, who, thru the press and by personal effort, has contributed very materially to the social and public welfare of the community, is also an applicant, and has a host of the rank and file to whom his appointment would be most popular.

And many others.

Of course, East York has claims also, and they have yet to be heard in public.

North Toronto.

Herbert Darling's butcher shop, on the corner of Yonge-street and Eglinton-avenue, was broken into Thursday night and eight pork pigs abstracted. The vandals forced open one of the front windows, and also the value is small yet the robbery is so much more daring as the butcher shop stands within the full glare of an electric arc light. Twice last week Mr. Darling was robbed of cash in broad daylight, but the second time he caught the thief red-handed. As Mr. Darling likes police court proceedings, he hushed up the matter, but complains bitterly of a large gang of bad characters congregating around the corner every night.

Herbert Maxwell of Elora is visiting his sister, Mrs. J. M. Letache, Sherwood-avenue.

St. John's Church, York Mills, will hold their annual picnic in Whitten's Grove to-day.

Balmby Beach.

At Balmby Beach Pavilion Church Rev. Canon O'Meara, D.D., will preach at the 11 a.m. service and Rev. Canon Dixon at 7 p.m. on Sunday.

Wychwood.

Those profiting annexation of this district with Toronto have made an offer change in the limits originally defined to become city property. Instead now of having the limit extend to the Northern Railway it is cut down to Dufferin-street. This is understood to have occurred owing to strong opposition from the Canada Foundry Company and the Toronto & Suburban Railway. The latter company are buying up most of the property on either side of their tracks.

LAST DAY OF THE CAMP REVIEW FINE SPECTACLE

Full Force Paraded on Commons Before a Big Crowd of Visitors.

Niagara Camp, June 22.—(Special.)—Nothing nicer has ever happened on Niagara camp grounds than the review to-day and the honor the Lieutenant-governor was highly pleased with it, altho he was only one of the visitors. About 5500 men and 1200 horses participated in the affair and the way it looked made one proud to be a Canadian. The men were at their best and the officers to-night are almost wildly enthusiastic over the showing.

The camp is practically over now and some of the regiments will move away to-night, the trains being already ready. Some of the Body Guards and a section of the 31st Regiment went away to-night.

Such a march past as that of to-day would fill any company or citizen with joy. The World spoke to of the grandest thing it was all over. The brigadier smilingly said: "You saw it, sir, and say what you think of it. I was quite proud of the camp. Their work was very thorough and credit to the officers and their company. I have no improvements to recommend just at the present." Then the general subsided.

There was an immense crowd watching it all as the rain drops hesitated. It was a crowd effervescent with lusty cheers, some of which were wasted upon the city corps. Steadiness was the fine feature of the parade and a businesslike front which was put on was highly and thoughtfully appreciated by visitors from across the river. It was which and spectators in a tickled lot of officers and a satisfied set of men.

The Case of Mackenzie. Easy pickings, generosity and friendly feeling, as well as lack of desire for international complications, helped that man Mackenzie of the 44th, who deserted and came back in a foreign uniform. He only got 25 days sentence, and the it is a hard labor, it will cease his worry, for he knows where he is at now. The court martial this morning was presided over by Major Knowles, 77th Regiment, and there was no evidence that he had joined the army of the country whose uniform he was wearing when he was taken in.

The Liberal front of the prisoner has met with general approval of the officers and men and the camp, as well as our friendly neighbors. The man's story that he had got drunk and traded clothes with a soldier of the American army was met with some belief.

Counting Up the Crooks. To-night Albert McEwen was arrested. He had got to answer a charge of highway robbery. It happened a year ago in Uxbridge. McEwen is now in the town jail.

The shakedown of the G.B.R.G. is in the filed hospital. The sham-fight caused it. His horse ran into a stone wall and broke its neck. Its last living move was to fall on Chadwick.

Richmond Hill.

The Richmond Hill high school held their annual picnic at Lake Wilcox yesterday.

Tuesday has been proclaimed a general holiday in town, the occasion being the annual excursion of the fire brigade to Niagara Falls. The town bell will ring at 5 o'clock on that morning in order that ample time may be offered all to join in the outing.

Court Richmond, A.O.F., held their regular quarterly meeting last night.

BROUGHT BACK TO LIFE.

Squeezing Heart Like Sponge Will Restore Animation.

Dr. B. Merrill Ricketts of Cincinnati, whose paper on the restoration of life by compression of the heart after it has ceased beating, read at the meeting of the American Medical Association in Boston on June 6, created a sensation, says a person who had been dead 20 minutes and was brought back to life by manipulation of the heart.

"The heart has actually been stimulated to action one or two days after death," said the doctor, "yet one or two minutes after the cessation of the heart is time enough to justify a physician in opening the chest and squeezing the heart, much as one would a sponge, to renew its action."

"The class of cases in which this manipulation of the heart to renew life is especially applicable is where either or chloroform has been administered, where there has been an inhalation of illuminating gas, in cases of shock from fright, injury or surgical operation, drowning, electrocution, strangulation, loss of blood or probably in many cases of disease or the administration of drugs."

"The results in all cases are influenced by prompt and skilled attention, the quantity of blood lost, time and the cause of the suspended heart action, mutilation of the body and general care."

"We have taken 25 dogs and chloroformed them until the heart ceased to beat. Then the chest was opened and the heart taken in the hand and squeezed about 50 times to the minute. In about 75 per cent. of the animals the heart was made to beat again."

Dr. Ricketts will probably find himself the object of much discussion for his recent plea that criminal condemnation to death or to ten years or more imprisonment be offered the choice of commutation if they announce themselves willing subjects for experiments of this sort. He says:

"We now know of 60 prisoners in the penitentiaries who are life prisoners; who are willing to be electrocuted and die in order that they may avoid the re-enslaved their freedom be given them."

Summing up, Dr. Ricketts says that the total number of men operated upon for cardiac stimulation is 29, and of these 12 recovered permanently, and in 19 of the cases the heart beat from one minute to 24 hours after death finally came. The heart has been made to beat as long as two and one-half hours after the cessation of its pulsations. The longest time on record of cessation of the heart after which it was restored or re-established permanently is 20 minutes.
