St. Thomas, Aug. 27.—Mr. John Hession of Toronto, reporter for Cycling, of Toronto, who is visiting his brother-inlaw, Dr. Cunningham, D.S., met with a very peculiar accident Wednesday. He was coming into town from Port Standey and when close to the city a dogran out at him. Mr. Hession had a revolver and pulled it out of his pocket to shoot the canine, but instead he shot firmself. The hammer of the revolver by some means slipped, the weapon was discharged and the bullet entered the fleshy part of the leg at the thigh, barely missing the main artery, and embedding itself four inches deep in the flesh. He is now doing nicely.

They will remain there eating their supplies until spring, or until they make up their minds either to go over to Dyea or return to Juneau or the States. Many have already sold out and abandened the trip altogether, some gladly taking 10 per cent. of the original cost of their outfits, and leaving that part of the country. Those who started via Dyea and the Chilkoot Pass are getting along very well, since the Indians are charging at present only 35 cents per pound for packing from Salt Water to the lakes. Under present conditions it is expected that all who are now on that trial will safely reach Klondike before winter sets in.

they were fifty years ago, when we have cause to use them. But we have less and less cause to praise ourselves, since others do the praising, and we are more than willing for you to see us through other eyes. This is how we look to S. F. Boyce, wholesale and retail druggist, Duluth, Minn, who after a quarter of a century of observation writes:

"I have sold Ayer's Sarsaparilla for more than 25 years, both at wholesale and retail, and have never heard anything but words of praise from my customers; not a single complaint has ever reached me. I believe Ayer's Sarsaparilla to be the best blood purifier, that has been introduced to the general public." This, from a man who has sold thousands of dozens of Aver's Sarsaparilla, is strong testimony. But it only echoes popular sentimer t the world over, which has, "Nothing but words of praise for Ayer's Sarsaparilla."

New York, Aug. 27.—Correspondence to The Herald from Merida, Yucatan, under date of Aug. 17, says: Twelve persons were killed and several injured in a riot which occurred in the plaza in front of the municipal place last Sanday evening. The cause of the outbreak seems to be the prejudice of the police, who attacked the people because of their opposition to the candidacy of Senor Carlos Peon, the present Governor of Kucatan, who sought re-election.
