Will See Government Again. A deputation from the Board of Control and the Technical School Board will meet the government at the earliest possible date to come to some definite understanding regarding the disposition of the \$10,000 item, which appears in the estimates.

Dr. Orr said the Technical School Board had been at the government for 10 years and five or six times this year, but got the same promise each time.

The Mayor said Hon. Mr. Ross' letter was really a contract, and he did not

see how it could be repudiated. The Metropolitan agreement came up be-fore the Board of Control again, and President Warren objected to the clause by which the company was made responsible for the cost of any protection that might be necessary at the C.P.R. crossing on Yonge-street. He thought it might impose upon his company the cost of a sub-way, or an overhead bridge, which would simply ruin it, he said.
