about May 20.

A large array of legal talent present-ed the views of the various sections constituting the "Midway" to the On-tario Railway and Municipal board yes-terday afternoon, when the question of annexation to the city came up for discussion

This course has been practically deci-ed upon, but in lieu thereof it is proposed to enlarge the basement. Rev. Dr. Pidgeon of Victoria Prei-byterian Church conducted the fune-al services of the late ElMott Archen which were held from the family resi-dence on Jane-street to Humbervale Cometery this afternoon. A great deal of adverse criticism has been aroused by the refusal of the C.P.R. to allow the crossing of the tracks, even the railway employes be-ing amenable to the new order, on their way to and from work. Taken in conjunction with the present effort of the C.P.R. to close the old estab-lished Weston-road the refusal of the cuncil to consider the project is most commendable. adian Branch, Sun Building, Toronto, H.
