### WANT WOODBINE FOR CONVALESCENTS

### Interesting Debate Over Proposed Anti-Conscription Meeting in Park

After a visit to the Rosedale athletic grounds, recently acquired by the city, the parks committee yesterday afternoon decided to remove the old clubhouse and the board fence and use the property for recreation purposes. The grand stand will be allowed to remain, and as suggested by Ald. Maguire, will be painted and dressing rooms constructed underneath for the accommodation of amateur athletes who desire to hold games opposite the stand.

Parks Commissioner Chambers stated that the property would be improved and fitted in keeping with the district.

The request of Isaac Bainbridge of the Anti-Conscription League for permission to hold a meeting next Sunday in Queen's Park provided live discussion before the committee decided not to take any action.

Commissioner Chambers advised that it was not against the law to hold a meeting in the parks on Sunday, but said that the best thing to do was not take action. If the committee believe that disturbances would result it would be advisable to refuse the request.

"Don't allow it at all," said Ald. Maguire. "Why should we allow those men to speak against conscription when our boys at the front are fighting for us? This meeting will irritate the returned men, and I move that we turn it down altogether."

Ald. Whetter's View.

"I don't agree with the alderman's remarks," said Ald. Whetter. "This is

a British country and I think everybody should get fair play, but I think this is the wrong way to go about it. I am British, as British as anyone, but we must be fair. We are here representing the citizens, and it is not for us to pass any opinion whether these men are right or not. If we haven't the power to grant it let us say so."

Ald. Maguire said they could not prevent free speech and that conscription was a big question. Men had resigned their positions in the Borden cabinet because of their opinion on the matter. The commissioner had stated that the committee had no jurisdiction, and the league should be told that no special privileges would be granted.

The committee concluded that the matter was not one for it to deal with and acknowledged receipt of the request.

Track for Soldiers.

On the motion of Ald. Maguire, the commissioner was instructed to confer with the Ontario Jockey Club with the view of obtaining the use of the Woodbine race track for the use of returned soldiers. Chairman Ald. Gibbons gave it as his opinion that it was a matter for the government and not the city.

Sir James Loughheed acknowledged the offer of the committee to provide camping space on Centre Island for convalescent soldiers, and stated that the Military Hospitals Commission would keep it in view.

### FISH IN PLENTY FOR CASH.

Hon. J. D. Hazen, minister of marine and fisheries, has written to the Toronto City Council to the effect that Toronto can get all the fish it requires "if the orders are accompanied by cash, or are from firms whose standing is satisfactory." He states that he was unaware of any demand in Toronto being unsupplied and that so far as the shipments from the Atlantic coast were concerned not only were there special transportation facilities but his department paid one-third of the transportation charges.

### WILLS PROBATED

A life interest in his estate of \$170,816 is bequeathed to his wife, Mrs. Marie L. Chase, Casgrain, under the terms of the will of Thomas Chase Casgrain, former postmaster-general of Canada, who died in Montreal Dec. 29. From the income Mrs. Casgrain is to provide a classical education for her grandson, Thomas, in a college to be named by his father at a cost not to exceed \$600. The value of the estate in Ontario is \$9581.

Harold Morris, manager of the Rosedale branch of the Dominion Bank, who died suddenly in his motor car June 14, left an estate valued at \$18,713. The Toronto General Trusts Corporation is instructed to invest \$5000 for an unnamed beneficiary of the will of Mr. Morris, who is not to know of the bequest. Personal effects are bequeathed to his brothers, Major Edmund M. Morris, now in Salonica; Murney, James and Robert Morris, and a nephew, Edmund M. Morris, of Hamilton. The residue of the estate is to be divided by the brothers, Murney, James and Major Edmund Morris, and a niece, Kathleen Jones.

Three daughters and five grandchildren will share in the distribution of the estate of Mrs. Elizabeth Price, who died in Toronto Nov. 2. The daughters, Mrs. Alice Boden, Mrs. Elizabeth Armstrong, Mrs. Charlotte Miller, each receive one-fourth of the estate, the residue to be divided by the daughters of four sons of Mrs. Price's daughter, Mrs. Mary A. Burrell, who died in 1910.

Albert Mayne, a son, is bequeathed one-third of the estate and Mrs. Sarah J. Mayne, his mother, is bequeathed a life interest in the residue of the estate under the provisions of the will of Albert W. F. Mayne, a laborer, who died May 18 leaving money and property valued at \$8907.

It has been decided to continue the heating of Earl Grey school by fuel oil for this year, also, it has been proved that coal is the cheaper fuel. It was shown that Annette street school used 240 tons of coal and fourteen and a half cords of wood at a total cost of \$1,669.37, while Earl Grey used 30,702 gallons of oil at a cost of \$2,289.14, and an additional cost of \$25 for electricity for the fans made a total of \$2,314.14.

### CIVIC SALARY INCREASE AND MEN IN TRENCHES

### Board of Control in Quandary as to Fairest Way to Solve Problem.

The members of the board of control are in a quandary whether they should grant the increase in salary, given the men in the civic departments, to the employees in the trenches. They again discussed the matter yesterday but no definite action was taken.

A number of the employees on active service receive full civic pay, some get the difference between their military pay and their civic pay, while others receive nothing. Mayor Church and Controller O'Neill are strongly in favor of placing them all on the same basis and hold that it would be very unfair to grant increases to those at home and refuse it to the men who are risking their lives at the front.

"Soldiers get the increase and it was understood that the soldiers would get the increase when the estimates were passed. They are still employees."

Controller Cameron stated that the city rushed into the soldiers' insurance and a lot of other things that it never intended. A survey of the city should be made to ascertain if what had been given by the city was given by every citizen.

As there was not a full board it was decided to leave the matter over until next week.

The board promised consideration of the request of the Discharged Soldiers' Association for support of their demands from the militia department for equal recognition with the soldiers who have returned from overseas but have not been on the firing line.
