T. EATON CO. LIMITED

STILL PLENTY OF SEATS FOR MENDELSSOHN CHOR

Notwithstanding the phenomenal advance subscription list for the Mendelssohn choir festival, the seating capacity of Massey Hall has not been entirely taken up, and surplus seats will be placed on general sale at 9 o'clock tomorrow (Friday) morning. Of special interest will be the Tuesday evening concert, Verdi's "Messa di Requiem," in memoriam of the fallen, and the Wednesday afternoon orchestral concert. The matinee will introduce Madame Olga Samoroff, the eminent Russian pianist, who, with full orchestral accompaniment, will play the Liszt "Concerto in A." Of a recent performance of this great work, Mr. Henderson says in The New York Sun, "Mrs. Samoroff has often played in this city with credit to herself, but she made a new high water mark yesterday."

"Her performance of the Liszt sonata was beautiful. It was one of the best the composer has had in this town in many years. In respect of nice adjustment of the details of its structure, of clarity of utterance and of variety of tonal effect we recall none better."

The afternoon performance also includes two overtures, "Rienzi" and "Egmont" and Brahms' "Symphony in A."

Has Good Record, 11 Children And No Money to Keep Them

The action for alimony brought by the Thom against George Thom, the father of her 11 children, one of whom is dead, was dismissed yesterday by Mr. Justice Kelly. Mr. and Mrs. Thom were married in 1893, and Justice Kelly says that the cause of their disagreement is due to misfortune, rather than any wrongdoings. Mr. Thom has a good record. He worked for the same firm 22 years, during which he had only five days' holiday, and was in receipt at the end of that time of only \$15 a week. In 1914 he went into business for himself, later returning to work for \$12 a week, and is now earning \$25 a week.

MURINE Rests, Refreshes, Soothes, Reals—Keep your Eyes Strong and Healthy. If they Tired, Smart, Itch, or Burn, if Sore, Irritated, Inflamed or Granulated, use Murine often. Safe for Infant or Adult. At all Druggists in Canada. Write for Free Eye Book. Murine Company, Chicago, U. S. A.

HOUSE OF INDUSTRY PRESENTS REPORTS

The monthly board meeting of Toronto House of Industry was held Tuesday, with Rev. T. Crawford Brown, president, in the chair. The returns were read as follows: Outdoor relief—164 new families assisted, making a total of 534 families now receiving assistance from the house. Distributed during the month, 135 tons of coal, 16 bushels coke, 4,169 three-pound loaves, 6,272½ pounds groceries, 11,116 pints milk. Report for casual poor shows 58 men sheltered 621 nights and received 1,615 meals, 47 of the 58 being residents of Toronto. The treasurer's report was read by J. Harry Paterson, treasurer, showing an expenditure of \$5,073, and an overdraft at the bank of \$5,577.99. The report of the ladies' committee was read, recommending certain improvements for the comfort of the inmates. They also suggested that a Victrola be procured, intimating that some good Samaritan might donate one, which would help to brighten and cheer some lonely hours for the inmates.

JUDGMENT RESERVED

Judge Submits Stated Case in Alleged Charge of Arson for Insurance.

Judgment has been reserved by the appellate division in the stated case submitted by Judge Gould of Hamilton as to whether there was any evidence to justify him in convicting Angelino Ercolino on a charge of arson. Mr. J. O'Kielley, K.C., appeared for the accused yesterday morning, and argued that there was nothing in the evidence to connect his client with the fire, which had taken place at Ercolino's dwelling house and store in Hamilton. E. Bayly, K.C., for the crown, argued that he was sufficiently connected by motive and the fact that there was a "plant" established. It was alleged that clothes had been saturated in coal oil and distributed to spread the fire. Some of the furniture was moved before the fire took place, and the accused was over-insured, carrying \$82½ on about \$1,200 worth of goods. The difference between the goods and insurance was equal to an amount owing by the accused to wholesale grocers and others. Why will men who cannot support themselves keep on imagining that they are capable of holding up a bank?

FURRIER GETS RESTITUTION.

Heaklent Deas, a colored man, was charged in the sessions yesterday before Judge Coatsworth with taking 100 squirrel furs from Lew Perkins, another colored man, and selling them for \$50. There was not sufficient evidence to prove that Deas had stolen the furs, but Deas was ordered to make restitution to J. Shepper, a furrier, of John street, as it had been found that they had originally been stolen from him.

MARCH IN ALGONQUIN PARK

The bracing atmosphere, the attractive winter sports, the novelty of fishing through the ice, the indoor pleasures enjoyed at the "Highland Inn" by a game of bridge or just lounging before the open fireplace, wipe the cobwebs from the tired brain and give rest and recuperation to those who need them. March is a good month and early application for rooms should be made as accommodation is limited. Ask any Grand Trunk agent for descriptive booklet or write N. T. Clarke, Highland Inn, Algonquin Park Station, Ont.

A native of India concerned in agitation was recently "sentenced" to write a poem. Thus "poetic justice" was "metered" out!

"ROSY-FIT"

If Bilious, get your
Pep and Color back
with "Cascarets"

Furred Tongue, Bad Taste, Indigestion, Sallow Skin, and Miserable Headaches come from a torpid liver and sluggish bowels, which cause the stomach to become filled with undigested food which sours and ferments, forming acids, gases, and poisons. Cascarets tonight will give your bilious liver and constipated bowels a thorough cleansing and have you feeling clear, bright and as fit as a fiddle by morning. Cascarets never sicken or inconvenience you like nasty Calomel, Salts, Oil, or gripping Pills. They work while you sleep.

REAL ESTATE NEWS

The unsettled state of the material and labor market is going to cause a big curtailment of the building program that was laid out for Toronto this year. The World learned yesterday from persons connected with the building industries there are indications that bricklayers and carpenters will be out for more money and every week shows an upward trend of costs of building materials and this situation has no unreserved contractors that they are afraid to undertake a job of any considerable size. A prominent architect told a World reporter yesterday that he had plans out for business blocks involving an aggregate expenditure of seven million dollars, and every bit of it had been shelved temporarily because contractors cannot be induced to tender for the work. They are willing to handle it on the cost plus demand system but costs have a way of piling up nowadays that alarms the people supplying the money and this method has practically been discarded. This architect mentioned one contractor who is losing \$15,000 on a particular job, partly thru increased costs of materials and partly thru his inability to get good men. He found that his bricklayers were laying six to seven hundred bricks a day while before the war an ordinary bricklayer would lay 1800 bricks a day. This same contractor has a job under process in Montreal on which the bricklayers averaged only 260 bricks a day and were drawing a dollar an hour. Another contractor told the World reporter that in his opinion bricklayers were not living as comfortably on \$1 an hour as they did before the war on the lower wages then prevailing, and therefore there was no fault to be found with their demand for that scale, but there was certainly a tendency to do less work in a day than formerly. But even with the high wages it is said to be difficult to keep a staff of men on a job long enough to see it thru.

In view of the various handicaps he predicted that building this year would not equal 25 per cent. of the demand, especially for offices, factories and warehouses.

Chas. E. Goad Engineering Company has purchased the two-story brick building at 205-207 Victoria street, and will use it as a warehouse. The building fronts 42 feet on Victoria and the

sale price was about \$65,000. The building is at present occupied by A. D. Gorrill & Company.

The Canadian Carpet and Comforter Manufacturing Company has purchased from Melbourne Limited the properties at 240-276 Dufferin street for about \$75,000. Included in the deal is the Orpen Conduit Company's property and some sheds belonging to the Canadian Northern Railway. The purchasing company has been located at 240 Dufferin as a tenant.

A site has been purchased in the rear of 942 Kingston road by the Canadian Sygard Engine Limited,

which will erect a two-storey factory thereon. A new type of airplane engine invented by Prof. J. Wallace Sygard, will be manufactured.

Mrs. A. Connor has sold her residence at 105 Keble street for about \$14,500.

JAMES GORDON RECOVERING.

Friends of James E. Gordon of The World staff will be glad to learn that he is rallying from the severe attack of pneumonia from which he has been suffering for two weeks past, and hopes are now entertained for his complete recovery.

Justice Sutherland Postpones Trial of Election Petitions

Justice Sutherland yesterday issued an order postponing the trial of the election petitions, which arose out of the provincial elections of last October, till after the approaching session of the provincial house. He has also directed that, in the meantime, the books, papers, ballots, etc., be forwarded to the office of the registrar of the appellate division, N. F. Patterson, K.C., so that they may be examined by the parties.

THIN, NERVOUS PEOPLE NEED BITRO-PHOSPHATE

What It Is and How It Increases Weight, Strength and Nerve Force
In Two Weeks' Time in Many Instances.

WHICH IS PRESCRIBED BY EVERY DOCTOR
AND USED IN EVERY HOSPITAL.

Says Editor of "Physicians' Who's Who."

Take plain bitro-phosphate is the advice of physicians to thin, delicate, nervous people who lack vim, energy and nerve force, and there seems to be ample proof of the efficacy of this preparation to warrant the recommendation. Moreover, if we judge from the countless preparations and treatments which are continually being advertised for the purpose of making thin people fleshy, developing arms, neck and bust, and replacing ugly hollows and angles by the soft curved lines of health and beauty, there are evidently thousands of men and women who keenly feel their excessive thinness.

Thinness and weakness are usually due to starved nerves. Our bodies need more phosphate than is contained in modern foods. Physicians claim there is nothing that will supply this deficiency so well as the organic phosphate known among druggists as bitro-phosphate, which is inexpensive and is sold by most all druggists under a guarantee of satisfaction or money back. By feeding the nerves directly and by supplying the body

strength and nerve force and to enrich the blood.

Joseph D. Harrigan, former visiting specialist to North Eastern Dispensary, says: "Let those who are weak, thin, nervous, anemic, or run-down, take a natural, unadulterated substance such as bitro-phosphate and you will soon see some astonishing results in the increase of nerve energy, strength of body and mind and power of endurance."

Clinical tests made in St. Catherine's Hospital, N. Y. C., showed that two patients gained in weight 23 and 27 pounds, respectively, through the administration of this organic phosphate; both patients claim they have not felt as strong and well for the past twelve years. This increase in weight also carries with it a general improvement in the health. Nervousness, sleeplessness and lack of energy, which nearly always accompany excessive thinness, soon disappear, dull eyes become bright and pale cheeks glow with the bloom of perfect health. Physicians and hospitals everywhere are now recognizing its merits by its use in ever increasing quantities. Frederick Kolbe, M.D., editor of New York Physicians' "Who's Who," says: "Bitro-phosphate should be prescribed by every doctor and used in every hospital to increase strength and nerve force and to enrich the blood."

CAUTION—Although Bitro-phosphate is unsurpassed for relieving nervousness, sleeplessness and general weakness, owing to its stimulating flesh growing properties it should not be used by anyone who does not desire to put on flesh.
