A PLATE YOU CAN BITE WITH, HELD IN POSITION BY OUR NEWLY INVENTED QUADRUPLE ATTACHMENT. People don't want artificial teeth to carry around in their pockets nor keep at home in their bureau drawers so they will know where to find them when the door bell rings, they want teeth for service.

If you have a plate that no dentist has been able to make fit, why not try us? We have assisted thousands and why not you? Our teeth are so natural in size, shape, color and the expression they afford to the features as to defy detection EVEN BY A DENTIST unless closely examined.

Our new attachment holds them so solid almost as though they were riveted in the mouth.

Captain Shanklin has followed the coast all of his sea-faring life, except for about five years when he sailed to the old country. GOES TO SACKVILLE AS TOWN MARSHAL

William J. Sullivan, Formerly of the Local Police Force, Will Keep Order in Tantramar Town

William J. Sullivan, of the city, has been appointed town marshal of Sackville, and left for that place today to enter upon his duties. Mr. Sullivan goes with strong recommendations from leading citizens. He served for over four years on the John police force, and was a good officer. Being over six feet in height, and built in proportion, Mr. Sullivan is not the sort of man to run away from trouble makers. If at the expiration of a month his services are satisfactory to the town council he will be made permanent, and his engagement will be made permanent, and his family will remove to Sackville.

CAPT. J. E. THOMPSON DIED THIS MORNING

Commander of S. S. Governor Cobb Passed Away in a Brooklyn Hospital as the Result of an Operation.

Word was received this morning by C. E. Lasecher, agent of the Eastern Steamship Line, this city, that Captain James E. Thompson, of the steamer Governor Cobb, died at Brooklyn, N. Y., after undergoing an operation for a carbuncle on his neck, this morning.

The captain was on his way to his home in Portland, Maine, from Washington, D. C., where he had been at a gathering of captains, and stopped off at Brooklyn to see to the hospital.

Captain Thompson was well known in this city, and had been in the employ of the present company almost all of his life. He was the son of the late Captain John Thompson, who was also connected with the Eastern steamship line, running between this port and Boston.

Captain James Thompson was one of the most popular commanders of the line, and he will be greatly missed by the travelling public. He was between fifty-five and sixty years of age, and leaves a sorrowing widow at Portland, Maine.

His steamer, the Governor Cobb, has been hauled off the route during the winter months, undergoing repairs, to be placed in commission in the coming spring. He was of a jovial and kindly disposition, and made many appearances, and will be greatly missed by those with whom he came in contact. The citizens of St. John extend their sympathy to his widow and relatives over their loss.

MR. MCKELVIE LIKES WESTERN PROSPECTS

Young Man Well Known Here Writes Entertainingly of Life in Calgary.

A letter from Chas. McKelvie, formerly with the International Harvester Co., St. John, but now living in Calgary, states that he is the accountant with the McPherson Fruit Company, having succeeded Mr. Folkins, a former Kings Co. man, who has been promoted manager of the company's branch at Edmonton. The head office of the company is in Winnipeg, and there are branches in Calgary, Brandon and Edmonton.

Mr. McKelvie writes that from the present outlook, things are likely to boom in Calgary this year. He says: "We will have a street railway by July 1st, a number of big brick blocks will be started as soon as spring opens and it looks now as if two more railways, the C. N. R. and the G. T. P. will commence building here early this year. To my mind, this place has the advantage of all towns from Winnipeg to the coast. The weather here is lovely now. Building operations have been continued right along, except for about three weeks of exceptionally cold weather around Christmas and New Years. When down town today, I saw a large crew of men working on the new city hall, which is to be a \$200,000 stone building. Asphalt pavements, and block pavements on a concrete base, were laid right up till Christmas. Captain Dick, a brother of Hazen J. Dick, has a big ranch west of High River and is doing well. The for anything like overwork is two or three months of ranch life. There are dozens of living testimonials out here to prove it."
