**Frank Connelly Gets Stiff Sentence in Police Court on His Return Home**

Frank Connelly was given a stiff sentence in the police court this morning by Judge Ritchie, for being drunk and resisting the assistance of Bagageman Joseph I. C. R. Policeman Smith in the I. C. R. train shed last evening. On the first charge he was fined \$8 and on the second \$32, making a total of \$40, or six months in jail.

Connelly told the court that he had been away from home for some time, but had been working in Millinocket, Me. He pleaded guilty to being drunk, but said that he could not remember as to the resistance.

Policeman Smith said at the request of Conductor Johnston of last night's outgoing Boston train, he took Connelly off the rear of the tender, and the prisoner resisted to such an extent that he had to call the assistance of Bagageman Joseph McHugh to help him put the handcuffs on his man.

His honor, delivering sentence, scored Connelly for signaling his return in such a manner.

Arthur Chapman, who said he was en route from Amherst to Toronto, was charged with lying drunk in Acadia street. As he had a ticket, he will probably be sent forward this evening.

**SUPERIOR PAINLESS DENTISTRY!**

"There is a world wide cry against the dentists that they torture their patients. These of strong physique submit and endure the agony. With a second class this is simply impossible, and thousands of teeth are neglected and lost even though the patients may be able to pay for our most skillful services. Then there is a third class who, after months of mental torture in anticipation, finally come into our hands, and, with nerves strung to a painful point, pass through the ordeal, but at what a cost! We do not sufficiently consider the consequences of shock in the dental chair, yet undoubtedly many suffer for months and even years from injuries to the nervous system received whilst in our hands.

The greatest duty of our profession today is to discover and adopt a mode of painlessly performing our operations.

NOTE—The above is an abstract from a paper read by an eminent dentist of New York City before a society of dentists in Philadelphia.

The famous Hale Method of Painless Dentistry, for which we are sole agents for Canada, is the best Method on earth.

They arrived in Amherst on Saturday and Mr. Ralston, who was always popular in Amherst, and his charming bride have received a very hearty welcome.

Everything goes to show that his nomination is a most popular one among his party, and with thorough organization the Liberals may well expect a handsome victory.

**VIDAVER CHARGES DROPPED BY COURT**

**End of Case in New York in Which There is Interest in St. John**

(New York American.)

Nathan Vidaver, former special deputy attorney-general, was exonerated before Judge Cramer in general sessions yesterday and two indictments against him for attempted extortion were dismissed.

Mr. Vidaver, since the indictments were found against him in March, 1908, has been protesting that he was accused unjustly, and has been persistently demanding that he be placed on trial and given an opportunity to establish his innocence.

William R. Montgomery, former president of the Hamilton Bank, appeared before the grand jury as the chief accusing witness. At the time of complaint against Vidaver, Montgomery was under two indictments for a misdemeanor in connection with his personal account, which he had withdrawn. He retained Howard S. Gans as his counsel.

**Montgomery's Complaint**

Later Montgomery complained to District Attorney Jerome that Vidaver had offered, for a financial consideration, to have a stop put to the investigation at that time being made by Attorney-General Jackson into the banking business of Montgomery, and to have withdrawn all opposition to the reorganization of the Hamilton Bank.

A trap was arranged by Mr. Jerome and Mr. Gans to catch Vidaver, and according to the evidence given before the grand jury, Montgomery paid Vidaver \$800 in the Astor House. The arrest of Vidaver followed.

Subsequently the grand jury, upon the complaint of the directors of the reorganized Hamilton Bank, found several indictments for grand larceny, involving large sums of money.

Mr. Vidaver went before Judge Rosalsky, on whose calendar the case had been placed for trial, and again demanded a speedy hearing. While Vidaver was clamoring for a trial, District Attorney Jerome went before Judge Cairns and moved that the indictments be dismissed. In making the motion Mr. Jerome said: "An investigation satisfied me it would be impossible to secure the conviction of Vidaver, unless the jury totally and completely believed Montgomery's testimony. After going over the matter very carefully, I don't believe that I myself, if I sat as a juror, should feel it was clear beyond a reasonable doubt. I don't think I would be justified in putting this case upon trial."

**HALIFAX IS ENVIIOUS**

Halifax, N. S., Oct. 28.—At the quarterly meeting of the board of trade held here this afternoon, a resolution moved by Senator Power and seconded by Dr. A. H. Mackay was adopted, in which the board condemned the project of building a dry dock and ship-repairing plant at St. John as unwarranted and not needed.

They declared that Halifax has all the facilities needed and that no master would think of taking a ship into St. John any way. While admitting the need of a dry dock at Quebec, they did not think that such a large one as contemplated was needed there.

The board also launched a new plan for trying to get the C. P. R. to run to Halifax. They propose that the C. P. R. should build a new road, capitalizing \$100,000 a year, which would amount to \$4,000,000 at four per cent, and also that the C. P. R. should contribute \$100,000 toward building the line. The balance of \$1,900,000 needed would be contributed by Cumberland, Colchester and Halifax counties, the province of Nova Scotia and the city of Halifax.

A committee was appointed to lay the novel before the C. P. R. the Nova Scotia government and various city and county councils.

Another resolution was adopted that the board approve of the projected scheme of establishing naval bases and shipbuilding yards in Canada, commending to the dominion government the advantages of Halifax harbor.

The C. P. R. steamer Empress of Britain docked at Quebec at 6:15 a. m. today.
