Her Face Was Covered With Large, Red Pimples

Miss Greta Carlisle, 23 Leonard St., Bradford, Ont., writes: "A short while ago, my face was completely covered with large red pimples, and it seemed that it was almost impossible for me to get rid of them, as nothing I took seemed to do me any good. One day I noticed an advertisement of

Burdock BLOOD BITTERS

and I will never regret the day I bought it, as, now, my face is entirely cleared up of blotches and pimples of every kind."

"Save the surface and you save all" - Paint & Varnish

"YES, I agree, the need of this country is development and conservation of its vast wealth.

"The eyes of the world turn to our timber, wheat, mines. Our industrial world is alive with expectation of bigger things. Yet, as you say, near seventy per cent. of Canadian property is perishing for lack of paint and varnish and the yearly losses from such deterioration exceed the losses from fire.

"You'd be surprised at the manifold uses for paint and varnish right in this factory. White paint is our specialty because it reacts like sunshine in every dark corner. My foremen tell me that the working

light is greatly improved through painting and not only are accidents less frequent, but our employees are brighter and more cheery. And it's a satisfaction to know that every painted surface will last longer.

"We painted the floors last week. It had become apparent that there was considerable overhead underfoot. No end of saving there!

"I am a firm believer in the slogan of the paint industry: "Save the Surface and You Save All."
