## SIR THOMAS IS OPTIMISTIC

Stringency Past, Next Year More Prosperous

### C. P. R. ANNUAL STATEMENT

Bounteous Crops Insure Great Business Activity — Details of Tremendous Undertakings of Great Company

Montreal, Oct. 1.—At the annual meeting shareholders Canadian Pacific Railway Company today the report of the directors was unanimously adopted. David McNeill, Chas. R. Hosmer, Hon. Robert Mackay and Hon. James Dunsuir were re-elected directors. A resolution was passed authorizing the issue of four per cent. debenture stock on account of branch lines, and the extensions of branch lines and of steamships mentioned in the annual report.

In moving the adoption of the report, the president, Sir Thomas Shaughnessy, said: "With the active business conditions that prevailed throughout the year, your gross earnings reached the high water mark of nearly \$140,000,000, but since the turn of the year, there has been a decrease, due to the falling off in the movement of westbound traffic, as well as in the building and other trades throughout Canada. However, thus far in the year, your gross revenue is larger than it was in 1911, and with the renewed confidence and courage that will develop everywhere, as the result of the bountiful crops, with which the country has been blessed, and the general improvement in the money market, that begins to make itself manifest, there is every reason to anticipate another satisfactory year.

In ten years the annual gross income has grown from \$48,000,000 to \$189,000,000, and if Canada is to meet our expectations in point of population and prosperity, it is beyond doubt that there should be a proportionate increase during the next ten years, provided that we have the roadbed, equipment and facilities to handle the traffic as against all comers. This does not mean that the expenditures for these purposes during the next few years, need be anything approaching those of the past, because when the lines now being built, are completed, our construction programme may be substantially modified, and with the exception of important improvements at one or two points in eastern Canada, where congestion during the busy season is annoying, as well as expensive, and the completion of a second track on portions of the main line, we will, by the end of this season, be well ahead of our requirements.

**Great Increase in Capital.**

"This year the company's bond, debenture and share capital, including the recent issue of \$60,000,000, is \$283,000,000 more than it was in 1903. Of this amount \$180,000,000 was expended in the construction and acquisition of additional mileage and the purchase of ocean, lake and river steamers, and the additions to your car and locomotive equipment absorbed \$101,000,000. The balance of \$88,000,000 was used for the general improvement of your property, but this amount was supplemented by premiums on stock issues, and appropriations from surplus earnings to the amount of \$105,000,000, nearly all of which have been expended by the end of the current year, so that you will have invested in your property in those ten or eleven years, this large sum of \$105,000,000 that will represent no capital liability and will consequently make no draft upon your revenue.

"After making due provision for interest on their cost and depreciation we may safely anticipate a revenue of \$2,000,000 from the trans-Atlantic and the trans-Pacific steamships of the railway, states the report at one point. "The formation of a steamship company to acquire, lease and provide means for the construction of steamships is under consideration."

The report stated that the majority of the company's hotels were yielding a fair return and that hereafter the profits will be used as a special income instead of, as in the past, for alterations and additions. Approximately \$250,000 will be the current year's revenue from the coal mines at Bankhead, Hosmer and Lethbridge and the lumber mill at Bull River, B. C. The report also refers to the efforts made to prevent large areas of company land being bought and sold for speculative purposes.

**Own 6,000,000 Acres.**

"Your ownership of 6,287,250 acres of land in Manitoba, Saskatchewan and Alberta is mentioned in a footnote to the balance sheet, but it plays no part in your accounts, excepting when the lands are sold. With established conditions in western Canada and the experience of the last few years, there would appear to be no difficulty about determining, with a fair degree of accuracy, the present value of this asset. Of course, as the lands are disposed of and the country becomes more thickly populated, the

## HAD ITCHING PILES FOR 27 YEARS

Often Laid Up for Days at a Time—A Wonderful Tribute to Dr. Chase's Ointment.

Few people were ever more enthusiastic in praising Dr. Chase's Ointment than the writer of this letter. When you read the description of his case you will not wonder why.

Mr. John Johnson, Coleman, Alta., writes: "Three years ago I was cured of blind, itching piles of 27 years' standing by using Dr. Chase's Ointment. I used to think that death would be the only relief I would ever get from the terrible misery of piles. Often I was laid up for three days at a time, and at other times worked when I should have been in bed."

## A Grand Array of The Newest Ideas in Millinery Accessories

Novelties in Great Profusion to Duplicate Every Trimming Effect of The New Season

Our showing of millinery accessories is exceptionally interesting this season and comprises all the novelties that go to make up the ultra fashionable hat.

Features are tall feather decorations and we have a great variety suitable for use on both dress and tailored hats.

The extremely dressy hats will require fancy ostrich which appears in eccentric shapes, tied, twisted or curled in grotesque forms.

For the plainer hat or chapeau de trotteur, the correct thing will be lady Amherst pheasant tails, vulture feathers, coque feathers in natural bronze or dyed in all the new colors, band wings, angle wings, mercury wings, marabout feathers, etc.

Sky scraper effects are the latest treatment for fancy mounts and all quill effects. Then there is an abundance of black ospreys, hackle bands and feather bands of all descriptions.

A glance at our King street window display will afford an idea of how varied and beautiful are the hat embellishments offered our patrons.

### THE CUTEST OF NEW HATS FOR KIDDIES

Mothers will be delighted with the offering of hats and bonnets for kiddies from 3 to 6 years which has been prepared especially for this week end. The very cutest effects will be shown in French and American styles and among the colorings will be cerise, saxe blue, white and navy, black and cerise, black and saxe, navy and white, etc.

These hats and bonnets are reasonably priced and range from \$1.50 to \$10.00.

### TRIMMED HATS FOR LADIES AND MISSES

There will also be the usual fine exhibit of trimmed hats for ladies and misses bringing out some entirely new and very handsome creations.

Tailored Hats ..... from \$5.00. Dress Hats ..... from \$8.00.

MILLINERY SALON, SECOND FLOOR.

## MANCHESTER ROBERTSON ALLISON, LIMITED.

## DARTMOUTH MAN TERRIBLY WOUNDED ON SHOOTING TRIP

With a gaping wound in his head, John Graham, of Pine Street, Dartmouth was taken to the Victoria General Hos-

pital on Monday night in a critical condition. While shooting ducks at Three Fathom Harbor, he was seriously and probably fatally wounded. On Saturday night Graham with two companions set out on a shooting expedition.

On Monday morning accompanied by The Graham, and Mr. Waddell they left the harbor in a row boat to shoot ducks-

John Graham was in the bow of the boat. A flock of ducks appeared and all three men fired. Just then a wave struck the boat causing the bow to jump upward, and the charge of shot from one of the guns struck Graham on the head behind the ear, and knocked him overboard. He was rescued by his companions and taken ashore.
