THEIR LOSSES IN FIRE HEAVY

In North End Blaze Horses Die and Much Property Destroyed—E. D. Starkey, Severely Burned, Taken to Hospital.

Several thousands of dollars' worth of property destroyed, three horses burned to death, one man severely burned and another slightly burned is the toll of a fire which broke out last night in a barn off Main street. Two of the horses burned were the property of Ernest D. Starkey, and the other was owned by Ernest D. Starkey. Mr. Starkey was badly burned about the head and arms while endeavoring to rescue one of the horses, and while Mr. Starkey had one of his ears quite badly burned while rescuing a horse owned by Frank Hanna.

The fire, which was in a barn owned by M. J. Murphy, was first seen by Mr. J. Murphy, who was at the time of the fire. He at first thought it was someone in the barn with a lantern, but in a minute or two he saw the flames leap up. The blaze soon ignited the hay about the horses. Mr. Starkey arrived about the same time and succeeded in rescuing one of the horses, and while Mr. Starkey had one of his ears quite badly burned while rescuing a horse owned by Frank Hanna.

NEARLY ORDERED THE MAYOR BACK

A good one is being told on one of the employees of the City Water and Sewerage Department, who are employed in renewing an old 16-inch main at the head of King street. On Sunday this man received orders from Commissioner Wigmore to prevent the curious crowds from approaching too closely to the big excavation in the middle of Charlotte street for fear that some painful accident might occur. Suddenly a man detached himself from the ranks a safe distance from the trench and started towards the excavation. There was blood in the eye of the watchman as he started towards the new arrival, bent on putting him back into the crowd. A whisper from one of his fellow workmen made him stop dead in his tracks while a sheepish smile crept over his features. The cause of his sudden halt were the words, "Easy there, Bill, that's the Mayor."

The committee was authorized to provide a plan for the sign and to have the sign erected within two or three years if not sooner.

Commissioner Thornton said he had under consideration some amendments to the traffic by-law, but in the meantime he desired to amend the present by-law to conform to the change in the rule of the road. The amendment was adopted by a vote of 10 to 2.
