Evidence in defence of W. Meloche.

Frank Hill, aged 47 years, duly sworn, declares and says:-

I know the parties in this case. I heard Francis Beaudette told me last summer during haying time that William Meloche had <sup>taken from</sup> ~~deprived~~ him of hay that he had bought from Jacques Lachandiere. I asked him whether Jacques Lachandiere had given him back his money. He replied that Jacques Lachandiere was going to <sup>sue</sup> ~~prosecute~~ Meloche. He told me that each time that he asked Lachandiere for his money, Lachandiere told him that he was going to <sup>sue</sup> ~~prosecute~~ William. The hay in question was hay that had been bought during the previous summer.
