### ESQUIMALT.

Thursday evening a statement "that the swners of property in Esquimalt were unwilling to sell or were holding their properties too high." We feel called upon to protest, for this statement must have been made by some uninformed person, who, by enquiring at our office would have found an extensive catalogue of Esquimalt properties listed for sale at prices varying from \$250 per lot to \$2,000 per acre. We have for many years made a

specialty of Esquimalt and Gordon Head properties as well as farm lands, and will be pleased to furnish intending purchasers with prices
