LIGHTING PLANT NEEDS IMPROVING

NO AUXILIARIES IN CASE OF EMERGENCY

And Victoria Might Be Plunged Into Darkness on Any Night—What is Wanted.

A few days ago the Times drew attention to the fact that this city was confronted with another problem besides the provision of an adequate supply of water, namely the electric light question. It was pointed out that owing to the absence of anything in the shape of an auxiliary plant, the town is liable to be plunged in darkness on any night, and for a period altogether dependent upon the time consumed in remedying any defect that might develop in the present machinery.
