NO CHANGE MADE.

Geo. Russell, president of the local asseball club, has received a letter from W. H. Lucas, president of the North-western League, dated July 6th, in which the latter assures Mr. Russell that nothing has been done with respect to the transfer of the Victoria franchise to Spo kane.

President Lucas thinks that the whole talk has originated with an application made in the courts of Spokane to break a certain injunction taken out a year ago rohibiting Mr. Lucas from having any thing to do with baseball in that city. Spokane has applied for admission to the Northwestern League, but as to tak-

ing definite action, President Lucas says nothing has been done. Mr. Russell thinks that the baseball situation may yet be solved in a satisfactory way as far as Victoria is concerned. If the franchise leaves here it will not be for lack of energy on the part of Mr. Russell. President Lucas has expressed his opinion of the local president

in the most flattering manner. It is pointed out that the loss of the team from Victoria would be a decided blow to the future of the game here. There are advantages to be derived from having a team here which has not occurred to many. This is in the way of advertising the city. From day to day

throughout the season, daily papers contain the record of Victoria's team as member of the league, and thus an advertisement is given the city da.ly throughout the country. Mr. Russell has not yet exhausted his sources, and will make a vigorous effort to put the team in first class condi-

tion and retain it in this city, which he elieves will yet become a first class base ball centre. In this he asks the co-operation of the citizens. Most of the players on the team are loath to leave here, and are prepared to make sacrifies to stay.

HOME TEAM DEFEATED. A special dispatch to the Times from Everett says: The Islanders and the Byerett team
