SULTAN IS TRYING TO AVOID A HOLY WAR

Further Particulars of the Fight at Casablanca in Which the French Covered Themselves With Glory and Gore

PARIS, Aug. 20.—The correspondent of the Matin at Casablanca speaks in loud praise of the 7th Millimeter gun, fourteen rounds of which he said put fifteen hundred Arabs to flight.

The Spanish, the correspondent continues, were a brave sight as they rode back into camp. Men and horses were covered with blood. The faces of the men were blackened with powder.

PARIS, Aug. 20.—The Government has received confirmation from Fez of the report that the Sultan has declared his intention to send a holy war, the Sultan has appointed them to a delegation of his mission and the date of their departure is made known.

PARIS, Aug. 20.—The Government has also advised that the members of the French colony in Fez are leaving for Tangier today. It is presumed that the French consul and the French military mission will not accompany them.

TANGIER, Aug. 20.—Five hundred Sherifian troops, the best of the Sultan's army, which usually are under the command of Abd el-Hakim, have arrived here. It was originally intended to send them to Casablanca to co-operate with the French-Spanish forces, but Minister Gabbas now talks of sending them to Mazaga.

The Spanish charge d'affaires is reported to be much disturbed by the attitude of General O'Callaghan during Sunday's fighting at Casablanca, and the Spanish commander, acting under a misunderstanding of the instructions, only used his troops in defending Casablanca, not taking part in the fighting outside the walls.

THE PEOPLE'S POPULAR PAPER. THE STAR makes no boast when it claims to be St. John's most popular afternoon paper for today, as in the past, it is read by more people than any other evening content. Porary. To the thoughtful advertiser the above statement is pertinent, for the advertiser wants a paper that will "pull" the business, and the Star is the paper. Besides it is the home paper, a paper that the wife and children read, and the State papers do. John like the Morning Sun.

TRYING TO SAVE THE CONFERENCE FROM FAILURE. Hague Delegates Will Work for Compulsory Arbitration and a Permanent Court.

THE HAGUE, Aug. 20.—Nearly all of the Governments has sent instructions to their delegates to make an effort to bring about some kind of obligatory arbitration, and also the establishment of a permanent court of arbitration in order to save the conference from failure. The efforts of the delegates are now directed towards the arrangement of a treaty of obligatory arbitration acceptable to Germany, which country although admitting the principle of compulsion, has so far opposed a world treaty, arguing that it would tend to minimize rather than promote obligatory arbitration. It is believed that it will only be possible to conclude a convention providing for obligatory arbitration among the powers which agree to it.

Four are Named as Possible Members in the Great Match—Twenty Five Will Go From Here to the D. R. A. Meet

It is not at all improbable that New Brunswick will be represented on the Canadian team in the Palma trophy contest which takes place in the very near future at Ottawa. The Secretary of the Dominion Rifle Association has written to the P. R. A. of New Brunswick asking for the names of several marksmen who are generally regarded as the most reliable long range shots. In reply he has sent the names of Major O. W. Wetmore, of the 74th Regt.; Captain W. E. Forbes, of the 72nd; Captain E. A. Smith, R. O.; Pte. H. H. Bartlett, of the 74th at St. Andrews. These men all hold high credentials records, and there is a strong probability that from among them one or two may be chosen to join the Palma team.
