REOPENING OF CALVIN CHURCH

Three Interesting Services
Halifax Divine Principal Speaker—Church is Greatly Improved

Completely remodelled and refurbished, the Calvin Presbyterian church was reopened yesterday morning after having been closed for repairs for nine weeks. The interior of the church was painted by John H. Tonge in light green and oak and presents a beautiful appearance. The electric lighting of the church, done by the Street Railway, is also very effectively done. There is a chandelier of twenty-five lights in the centre, while underneath the gallery ten others are strung. Six lights are in the choir while the pulpit is also illuminated. The organ of the church has been repaired and made larger. The painting of the pipes was handsomely done by the pastor, Rev. L. A. McLean, and his wife. The pews have all been recushioned. The members of the congregation worked assiduously in their efforts to assist in the repairs.

Large congregations attended the reopening services yesterday, the church being prettily decorated. Inspiring sermons were delivered at the morning services by the Rev. J. H. A. Anderson, the recently inducted pastor of the First Presbyterian Church at Halifax. Mrs. Parks rendered a splendid contralto solo.

This evening the Rev. Mr. Johnston will deliver a lecture on Burns, at the church. This will be interspersed with Scottish songs. A silver collection will be taken, and a large number should be in attendance. A grand sacred concert will be given tomorrow evening. Those participating will include Miss Drake, Miss Cheyne, Miss Seaton, Miss Oathers, Miss Thompson, Mrs. Tufts, Mrs. MacNeill, Miss Edwards and Messrs. Bryden, Brown, Kingmill, Cairns, Cooper, Fisher, Harrison, McGowan and Stokes.

FIRST PROTEST UP UNDER THE NEW ACT

The Carleton County election case was again before Mr. Justice McLeod on Saturday afternoon, on the return of a summons taken out on behalf of the respondent, George W. Upham, calling upon the petitioner to show cause why he should not furnish particulars of bribery and treating complained of in the petition. Hon. W. P. Jones, K. C., for Mr. Upham, contended that full particulars of the persons bribing and those bribed, the amount handed over and the persons treating and treated, should be presented. A. B. Connell, K. C., for the petitioner, W. J. Owens, argued that only the names of those bribed need be furnished, and after hearing arguments read his honor so decided. Connell, in the course of his argument, said that this was the first election protest to come up under the present act, drawn by the late Hon. G. Blair, and suggested that the order should not be more comprehensive than the record by the authorities for it might become a precedent.

ANNIVERSARY OF BURNS' BIRTHDAY

A programme of songs, readings and speeches is being arranged and the evening promises to be both profitably and delightfully spent.

CONSERVATIVE COUNCIL SNUBS PREMIER HAZEN

DALHOUSIE, Jan. 22.—Premier Hazen will receive no comfort from his municipal friends in Restigouche, as the council adjourned today sine die without even mentioning the road act. This action on the part of a body that criticised the road law of 1901 shows the great reaction among non people against the Hazen government. Added to the mismanagement of road matters are the dissensions of competent officials in Restigouche recently because they were Liberals. The County Council stands twelve Conservatives and two Liberals.

REPROACH TO BOTH BODIES "The Ministry of Healing"

DR. RAYMOND'S TEXT
Declares Christian Science is Lost to Both Church and Medical Profession

In St. Mary's Church last evening the Rev. Dr. Raymond delivered the first of a series of sermons on "The Ministry of Healing" to a large and deeply interested congregation. Speaking from the text, Matt. x. 78, the preacher said that it was recorded of the Founder of Christianity that "He went about doing good," not only teaching by word and example, but healing all manner of sickness and disease among the people.

To his apostles he committed the ministry of healing. They were not only to preach the gospel but to heal the sick. The time was when in the church the priest was the physician of the body as well as of the soul. This we have now outlived although the splendid results which today have attended the labors of medical missionaries in non-Christian lands and Dr. Grenfell on the shores of Labrador prove that under certain conditions the Christian teacher may still with great advantage be the physician of the body as well as of the soul. At all events there is no reason why religion and medicine may not walk hand in hand for the well-being of suffering humanity.

Proceeding with his discourse Dr. Raymond briefly discussed Christian Science and similar cults of healing. These had suddenly sprung into being and their adherents were numbered by tens of thousands. The existence of these cults was a reproach equally to the medical profession and to the church. For the medical men, who had promised to heal, were failing to do so. For the church, which had promised to heal, was failing to do so. He thought the Emmanuel movement, so-called, which began in Boston, was a good example of human suffering.

The methods which are employed in dealing with patients were lauded upon by the preacher and will be more fully dealt with in the sermons that are to follow. The speaker delivered last night being largely of an introductory nature. The preacher closed with an earnest appeal to the people to follow the path which has promise of the best in the life which now is, as well as of that which is to come.

TO BUILD FIRE-PROOF STAIRS

Montreal Firm to Begin Work at Hospital Today

As an extra precaution against fire the commissioners of the General Public Hospital have decided to install fireproof stairways in the building. From the first to the third landing all the stairways will be of steel and slate making them absolutely fireproof. Sheron & Co. of Montreal have the contract for the work, which will cost in the vicinity of \$2,500. Mr. Sheron is in the city and starts today at the work. A gang of about fifteen men will assist him in the installation of the stairways. The work, according to the contract, is to be done in a week, and Mr. Sheron intends to push the job forward as rapidly as possible. It will take the hospital authorities about three days after that to have the building ready again. While the work is being carried on the patients will be removed to the first and second landings. During the days that the new stairways are being built visitors will not be admitted to the hospital. When the work is completed notice will be given and the doors thrown open again for visitors. Besides the building of the stairways the commissioners intend to install a new elevator at the hospital. The contract has already been given to a Montreal firm, and at its erection will begin at the termination of Mr. Sheron's contract.

EXCITEMENT RONS DURING CURLING MATCHES

In perhaps the most exciting finish witnessed in this city in a curling match the old rivals St. Andrew's and Thistles completed their second of the series of three games on Saturday with a tie score, each of the clubs making two hundred and thirty-one points. Excitement reigned throughout the entire day's play, but when the last rink was finishing in the evening in the St. Andrew's rink never before was such interest shown in the game. Only one point separated the rinks and a bad shot meant much to either. The result shows clearly the sharp curling played by both clubs. Fourteen rinks to finish in a tie has never occurred before.

Throughout the day and night there was a large attendance at the matches in both rinks. Many remained until the finish, which did not take place until nearly 11 o'clock. The matches at the Thistle rink were the first ones to finish. St. Andrew's continuing until midnight. Great interest now prevails in the match on Saturday afternoon next. It promises to be the greatest in the history of the two clubs. With a lead of thirty-six points from the first day's play, the St. Andrew's contemplate increasing it, while the Thistles say they will retrieve the defeat and win out in the grand total.

The afternoon's play was soon well under way, three matches taking place on Thistle ice and four on the St. Andrew's. At the former rink the Thistles led by a score of 112 to 76. He won from W. A. Stewart by fourteen. J. White of the St. Andrew's succeeded in leading S. W. Palmer by two points, while Fred Cheley could only score eleven to A. Watson's twenty-two.

At the St. Andrew's rink the Thistles fell behind ten points. The score was 121 to 63, with the St. Andrew's on the ice and G. W. Sharp of the Thistles lost to J. U. Thomas by thirteen points. M. G. B. Henderson was successful in defeating D. M. Magee by nine points. G. S. Fisher of the St.

WRITERS ON THE TIMES ARE SUPERIOR BOWLERS

The newspaper men certainly surprised the onlookers at the Victoria rink on Saturday afternoon when they bowled some of the best scores seen on the alleys. Only two strings were rolled, but the averages were certainly high. The Sun-Globe combination met the Times staff in a friendly match. On the first string the Sun-Globe led their competitors by fifty-six points. However, on the second string, the Times men went into the lead. Hopper ran up the record score of 101. McDade led on the first string with 91. The scores are as follows:

TIMES.		Total.
A. E. McGinley	85	138
A. C. L. Tapley	55	78
W. M. E. Hopper	89	147
W. M. E. Hopper	83	101
		622

SUN-GLOBE.		Total.
G. M. McDade	91	163
G. P. Black	72	146
L. Lunney	78	138

		619

The same teams will meet on Saturday afternoon next.
