Wednesday.—Quite an exciting time was manifested last Monday morning, occasioned by the difference of opinion respecting the speed of the steamers *Admiral* and *Adelaide*, who started at the same time for Eastport and Portland. The friends of each boat freely backed their favorites, some upon time of arriving at Eastport, others more cautiously through to Portland. The Adelaide kept slightly in advance until near Point Lepreaux where she was passed by her competitor. Soon after an accident occurred which detained the *Adelaide* thirty minutes. The running time subsequently proved 16 minutes in favour of the *Adelaide*, which superiority of speed she maintained to Portland beating the Admiral one hour.

No blame can be attached to the officers of the *Adelaide*, on account of the accident. Quite the contrary however, should be the case, and we are happy to say a mede of praise was unanimously decreed to Captain Winchester and his crew, for the prompt manner in which his boats were manned, to rescue those who, otherwise would have found a watery grave.

☞ A Correspondent inquires what has become of the Bell Buoy, and suggests, that if it is of no further practical utility, it might be placed, on King's Square, among some others of our discovered public projects, say between the 'Fountain' and the Bell Tower."

Sussex received. Wants to know if Editor of News will take a trip in that direction, and likewise call at Kingston, to give a description of that city?

A report in full of the doings at St. Andrews on St. John Day and the good fellowship shewn to the visitors, by the brethren of that place, will be given in our next impression.

Robert Reed, Esq., of the firm of J. & R. Reed, has kindly presented the *News Room* with a set of beautiful coloured Engravings, being portraits of Lord Raglan, Admiral Napier, and others of the brave defenders of Europe's liberties and civilization; of the heroic and unequalled Miss Nightingale; and of the late and present Emperors of Russia, Count Nesselrode, and others of the barbarous disturbers of European peace.—*Obs.*

Bend of Petitcodiac June 20—Launched on Saturday last from the building yard of M. S. Harris, Esq., a beautiful copper fastened Brig of about 250 tons, called the "Lucy A. Morrison." We have examined this vessel and can confidently pronounced her as good a specimen of workmanship as ever was put afloat in this quarter of the country. She is neatly and handsomely rigged, and finished with a degree of taste rarely excelled and seldom surpassed. She is named in compliment to Mrs. John A. Morrison, of St. John.—*Westmorland Times.*

☞ The Know Nothings, or American party, of Missouri have published an official "Platform," in which they state that they advocate; 1 the total repeal of the naturalization laws; 2 laws for prevention of pauper and criminal emigration; 3 that they shall maintain the vested rights of all foreigners as well as natives; 4 that Americans must be governed by Americans; 5 that they will oppose every attempt for the abridgement of religious liberty; 6 that they will maintain and defend the Union, and the right to of the States respectively; and 7 that they will oppose all who contravene those doctrines.

The Earl of Perth has published a letter in defence of his son, Lord Forth, whose inglorious conduct in the Crimea has been the subject of comment and censure from the British press. He states that the true cause of the dismissal of Lord Forth from his regiment, was a refusal to obey the orders of his colonel, when commanded to go into the trenches. This refusal, according to the Earl of Perth was occasioned by ill health, which rendered it inconvenient or improper for him so to expose himself before dinner.

The market looks as brisk as usual.

PULMONARY CONSUMPTION

From its having almost always baffled the most skilful medical treatment, it has very justly been termed the "*Opprobium of Phisicians*," and until within a few years, been generally consider *incurable*, although many medical men of the highest standing, among whom we may mention *Laennec* and *Bayle*—both distinguished authors, admit that this much dreaded disease may be cured, even in its advanced stages, when the lungs are not completely disorganized. The remedy which we now offer,

Wistar's Balsam of Wild Cherry,

for the cure of this disease not only emanates from a regular Physician, but has also been well tested in all the complaints for which it is recommended.

Look out for imitations and counterfeits. Remember the original and only genuine article always bears the written signature of I. BUTTS, upon the outside wrapper.
