

DISCUSS MEASURES TO PROTECT GAME

Fish, Forest and Game Association Met in Board of Trade Rooms, Last Evening.

A meeting of the Fish, Forest and Game Association was held last evening in the Board of Trade rooms. J. Fraser Gregory presided and the reports of the secretary and treasurer were read. The new bylaws were read and discussed and some amendments made. J. F. Gregory stated that some time ago, Hon. J. D. Hazen had promised the association a grant. The general elections had put it off for a time, but he hoped to be able to secure the grant now that political affairs had settled down again.

Secretary Wilbur Gorow said that a great deal of time lately had been taken up with getting members and that to date the club numbered 238. About making arrangements for the protection of the forest, fish and game of this province, he said that many people to whom he had spoken told him that the work of which he spoke was an impossibility but he thought that the influence of 238 members would go a long way toward stopping many of the existing evils.

In speaking of the dams that were without proper fish-ways, he said that the dam at Loch Lomond has a fish-way, but owing to the fact that it was one foot lower than it should be, the force of water was so great that it was almost impossible for trout to ascend. The Lepreux river has so placed that trout would pass it by and remain in the deep pool at the bottom of the dam. He thought that if a screen were placed there to guide the fish through the opening, that the dam would be satisfactory.

The Minister of the Interior had the attention of the government and the obstructions there will be opened up so as to make it possible for fish to ascend. The Lepreux river has a natural fall and it is impossible for the fish to pass.

The secretary further said that all the members of the different departments to whom he had spoken were willing to help the association in these matters, and it was probable that all the streams in which fishing is good would receive proper attention. This season nine cases of damming sawdust into streams had been reported, and in this case the mill owners had been compelled to either burn the sawdust or remove it beyond the reach of the stream.

Secretary Gorow said that he had approached the Hon. J. K. Flemming on matters of this kind, and that when the premier comes to this city at the end of the month, they will be definitely settled.

He reported five cases of illegal moose and deer shooting, and also five cases of illegal partridge shooting. In the case of the moose and deer no action had been taken as there was not enough evidence to convict the culprits. In the case of

the partridge shooting, three men had been found guilty and fined \$10, one had pleaded guilty but had not been fined, the other man was found not guilty. He thought that the game laws had been more strictly observed this season, and the fact that the members of the association had covered a great deal of territory and had watched the boats and trains had had a good effect on would-be breakers of the game law.

The report of John White, who is treasurer of the club, was read and is as follows:—Receipts, \$757.43; expenditures, \$555.79; balance \$201.64. The balance is deposited in the savings department of the Bank of Nova Scotia.

It was hoped that the government would grant the association the sum of \$500 to start a bureau of information for sportsmen. It was shown that sportsmen spent annually in the State of Maine the sum of \$25,000,000 and as New Brunswick has just as good hunting grounds as the State of Maine it should be able to supply sport for as many hunters as that state.

The branch at Chipman will be organized by the secretary, and the various branches will appoint their own officers and elect their own members.

The charter of the association was then read by the secretary, and afterwards gone over in detail, and some changes were made.

SUCCESSFUL OPENING OF CARLETON FAIR

The grand fair under the auspices of the Prentice Boys and the Carleton Cornet Band, opened last evening in the Carleton city hall, and was largely attended. The following are those in charge of the fair: Edward Rolston, chairman; Alfred Belya, treasurer; and Joseph Maxwell, secretary. The various committees are William Smith, John Carlson and Ezekiel McLeod; the advertising committee, Murray Long and Samuel Palmer; refreshments, Morland Tapley, Joseph Maxwell and Isaac P. McLeod and these are assisted by a staff of young ladies. The air gun is in charge of John Carlson; the bean bag, William Davies; the excellent game, William Smith; the prizes on the block, Leonard Smith; tennis, Ezekiel McLeod; wheel of fortune, Ed. Rolston.

The fair is being held in the large hall on the ground floor of the building, and it is gayly decorated for the occasion. Last night the Carleton Cornet Band opened the fair with an excellent programme and the band will be in attendance every night. A beautiful dining room suite is being exhibited and will be the grand prize to be drawn by the person holding the lucky ticket at the close of the fair.

Prizes are given away in the different games each night and the winners last night were as follows: shooting prize, a butter dish, John Pollock; Excelsior game, watch set, Mrs. Medley Belya; babies on the block, a pipe, James Belya; gentlemen's bean bag, Empire picture, Charley Campbell; ladies' bean bag, art glass set, Miss E. Frost; door prize, one half barrel flour, Clifford Kerr.

A NOVEL CATARRH REMEDY CURES WITHOUT DRUGS

THE HEALING VAPOR OF CATARRHOZONE LOOSENS THE COUGH, STOPS ALL DISCHARGES, PREVENTS SNEEZING.

The real danger of Catarrh lies in putting off treatment. You may have Catarrh yourself, but you may not know it. Before the disease spreads from your nose to the stomach, lungs, or bronchial tubes, root it out with "Catarrhozone." Look over the following symptoms—then examine yourself:

Bad Breath. Stuffy Nostrils. Frequent Sneezing. Ears Buzzing. Watery Eyes. Macking Cough. Bad Taste. Droppings. Raising Phlegm. Difficult Breathing.

Don't continue to burden your system for another day when the germs of such a filthy, loathsome disease as Catarrh. Get Catarrhozone today—inhalant its soothing vapor, fill your breathing organs with its balsamic essence, and all trace of Catarrh will forever depart. Read what Edward S. Lee, of Sydney, Ont., says of his cure with Catarrhozone:

"I was a chronic sufferer from continuous colds in the throat and nose, and for many years have constantly had Catarrh. I was recommended to try Catarrhozone, and find that by using the inhaler on the first touch of a cold or la grippe I am able to stay it in a few hours. I have been able to breathe through my nose freely since using Catarrhozone; in fact, I am completely cured. (Signed) EDWARD S. LEE."

Once you try Catarrhozone you'll realize how indispensable it is—the large dollar size contains an indestructible hard rubber inhaler and sufficient medication to last two months. Beware of the substitute, and imitations of Catarrhozone—use the genuine and you'll get cured. By mail from the Catarrhozone Company, Buffalo, N. Y., and Kingston, Ont.

CLUB HOUSE BURNED.

Ottawa, Nov. 13.—The Rivermead Golf Club, built this spring at a cost of \$25,000, was totally destroyed by fire at an early hour this morning. The building was fully covered by insurance.

Sportsmen Here. E. C. Rogers and J. O. Fox of Pawtucket, U.S.A., arrived in the city yesterday on their way to the happy hunting grounds of New Brunswick near Harcourt. It was expected that Dr. W. T. Hornaday, the director of the Bronx Zoological Park, who is an authority on big game, and the author of Camp Fires in the Canadian Rockies, would arrive here yesterday for the purpose of proceeding to the hunting grounds, but D. W. Clinch, who was making arrangements for his trip received word that the doctor had been obliged to call off the trip on account of the illness of his son.

Pickard, who was to accompany Dr. Hornaday, arrived, however, and proceeded to Clarendon, from whence he will hunt in company with Guit Doran. Messrs. Rogers and Fox who registered at the Royal will leave this morning for the woods.

Col. H. H. McLean in a communication to the board asked an option to purchase some property leased by him from the board, and asking the price at which that body would sell. This was referred to the finance committee for consideration.

Chairman Emerson reported relative to the establishment of the penny savings banks in the schools, and the committee appointed for the purpose had been unable to arrange a meeting with the local government to place the matter before the government and secure legislation empowering the board to proceed with the establishment of the banks.

Owing to changed conditions it was deemed advisable by the board to revise the regulations relative to the duties of janitors in the school buildings and a committee consisting of Supt. Bridges, Trustee Coll, and Sec-

SCHOOL TRUSTEES IN MONTHLY SESSION

Committee on Penny Savings Banks so Far Unable to Confer with Local Government—Other Matters.

The monthly meeting of the board of school trustees was held last evening in the board's rooms. Chairman R. B. Emerson presided and those present were Trustees Russell, Agar, Day, Smith, Mrs. Dever, Mrs. Skinner, T. H. Bullock, Coll, Nase, C. B. Lockhart, Supt. Bridges, Secy. Leavitt and Trust Officer McMan. Considerable routine business was transacted and a number of communications dealt with.

Following the adoption of the minutes of the preceding meeting applications for positions on the teaching staff were received from Miss Mary Coy, Miss M. Killorn, Miss Agatha Shannon, J. Kerr Higgins, of Campbellton, and applications were filed to be dealt with by the teachers committee.

A number of communications were received by the board. Among the letters received was one from the teacher of the school on Partridge Island, informing the board of the insufficiency of the supply of fuel for the heating of the school. The matter was left to the superintendent to deal with.

Miss Ferrill, of St. Vincent school, and Thomas Powers of the High School, made application for increase of salary, the matter being referred to the committee.

The St. John teachers' association wrote the board asking that inasmuch as a former request for an increase of \$30 for female teachers over four years in the service of the board had been only partially met, the board would provide for the other half of the increase in making the estimates for the year 1912.

On motion of Trustee Russell a small committee was named consisting of J. V. Russell, Mr. Coll and T. H. Bullock with Supt. Bridges to take up the matter of increases in salaries and report to the teachers committee so as to simplify and accelerate the work.

Col. H. H. McLean in a communication to the board asked an option to purchase some property leased by him from the board, and asking the price at which that body would sell. This was referred to the finance committee for consideration.

retary Leavitt was named to make the revision.

Miles E. Agar on behalf of the committee named to take action on the play-grounds proposal submitted a report recommending that the grounds and buildings of the board be given up for the project and that the visiting committee of each school be authorized to act as representatives of the board in conjunction with the play-grounds committees, and that two members of the board be named to meet the play-grounds association recently formed to discuss the movement. The report was accepted and the board voted to carry out the recommendations.

The question of medical inspection in the public schools was laid over until another meeting.

The opening of a room for manual training on the West Side was brought before the board and discussed pro and contra. Some of the members

GRACE GEORGE

Considered in England and at Home as America's Greatest Comedienne

AND THE
N. Y. Playhouse Company
Including the Famous English Actor
LYN HARDING in Cicely Hamilton's Comedy

Just to Get Married

Which ran for 300 nights in London. From the Toronto press:

THE STAR—The comedy abounds in quaint touches of human nature. THE TELEGRAM—There is always opportunity for Miss George to display the comic parts of which she is so thoroughly mistress.

THE NEWS—The best comedy that has been seen in this city for years. MAIL AND EMPIRE—A very effective and excellent comedy.

THE GLOBE—Grace George is supported by a really excellent company. THE WORLD—Presented with an attention that was the highest compliment to her dramatic genius.

Prices: Orchestra Chairs, \$2.15; Dress Circle, \$1.00; Balcony, two rows, \$1.00; five rows, 75c.

It is said that as the room would be utilized but once or twice a week and that the service of a teacher would be required once a week, it would be to advantage to open an extra room in Waterloo street department as the room already in use is at present overcrowded. Supt. Bridges pointed out that the congested condition in the Waterloo street department of manual training necessitated an additional room and thought that the centralization of the manual training classes under the supervision of the director of the department would be an advantage. The matter was finally left for adjustment to the manual training committee and Trustees Smith and Lockhart.

Leave of absence was granted Miss Payson and Supt. Bridges reported that Miss Ethel Brown is substituting for Miss Payson. Miss Dorothy Purdy acting as supply teacher in the place of the latter, and on the recommendation of Dr. Bridges this arrangement was ratified.

The secretary reported that the average attendance for the twenty-one school days during the month of October was 6,544 out of a total enrollment of 7,349. Two cases of trunancy had been reported during the month. Eight cases of diphtheria and nine of scarlet fever had been reported.

Following the reading of the report the meeting adjourned.
