TO DECIDE AMATEUR-AUTO CHAMPIONSHIP

Plans are under way for the staging of a series of races to decide the amateur auto-racing championship of the United States during the coming season. It is proposed to hold races at various speedway distances in the south, east, middle and far west with the winners to meet in a national title race late in the fall. Entrants must drive their own cars and be amateurs in the full sense of the word.

More than three million automobiles are registered in seventy-one countries in the world. Over two-thirds are used within the United States.

HOCKEYISTS IN KHAKI

Lahey, who played goal for the St. John team in the second and third periods of Wednesday night's game, is reported to have joined the 115th Regiment. If the report is correct he will be released to the 115th hockey team, making the second from this year's St. John team to don khaki. Of last season's players seventy-five per cent are now in khaki.

DOUBLE HEADER TONIGHT

Tonight's games in the St. John Army and City League series should prove as fast as any of the N. H. A. games.

Protect Your Teeth

A most agreeable and pleasant way is to give them the benefit of frequent cleansing and whitening with **WRIGLEY'S** (Made in Canada)

A noted dentist says "We eat more than our early ancestors but we chew less. Our jaws don't get the exercise they ought to and don't develop to allow sufficient room for big, strong teeth.

Chewing gum is one of the best possible things. It exercises the gums, rubs off food particles that cause trouble to teeth and strengthens the saliva glands."

West Side Conditions Normal
Things are proceeding very smooth
at the west side said J. V. Russell,
commissioner of harbors, ferries and
public lands, last night. The difficulty
over the issuance of passes to long-
shoremen and others has been over-
come and no more trouble is antici-
pated. The vessels, docks and ware-
houses will be strictly guarded and
those having no business within the
barbed wire enclosure will not be
permitted to enter the gates.
