Discuss Plans For Boosting Province

Board of Trade's Representative
Gathered as Guests of
Bathurst Board at Banquet.

The enterprising little city of
Bathurst opened wide its doors to
Board of Trade representatives at the
second annual dinner of the Bathurst
Board of Trade on Tuesday night last.

The function was held in Masonic
hall and was attended by about one
hundred of the biggest business men
of Bathurst and of the surrounding
country.

The chair was occupied by guest
president J. L. Ryan, L. L. B., who
read letters of regret from his honor
Lt. Governor Pugsley, Mr. Hance J.
Logan, President of the Maritime
Board of Trade, Hon. P. J. Venier,
Mr. Angus McLean and several other
gentlemen.

Guests Present

Among the outside guests were the
secretary of the St. John Board of
Trade, Mr. Armstrong; Mr. E. W.
Jarvis, president of the Chatham
Board of Trade, and formerly of St.
John; Mr. D. Champoux, president of
the Campbellton Board of Trade and
Mr. Morais of the Carleton Place Board
of Trade.

After the good things that had been
provided by the ladies of Bathurst had
been disposed of, the chairman pro-
posed the toast of The King, which
was responded to most enthusiastically.

A short programme of music and
songs followed.

The toast to Sister Boards of Trade
was responded to by the representa-
tives of the outside boards present.

St. John Representative.

Mr. Armstrong, representing St.
John, was the first speaker. He ex-
pressed the thanks of the St. John
Board for the courtesy that had been
extended them by the Bathurst Board.
He also conveyed to them the good
wishes of the St. John Board. Bath-
urst, he stated, had reason for con-
gratulation in the beauty and possi-
bilities of its situation. In the ex-
cellence of progress and prosperity that
were everywhere visible, and in the
fact that it was the possessor of one
of the most progressive and broad-
visioned boards of trade in the Pro-
vince.

Unlike many such organiza-
tions they did not allow themselves to
be "cribbled, cabined and confined"
within their own domicile but were
reaching out to the world at large.

The speaker stressed the needs for
close board of trade co-operation, both
for the province of New Brunswick
and for the Maritime Provinces. The
time had arrived when the Maritime
Provinces must get closer together
if they are to maintain their rights
and share in the progress of the rest
of Canada. Reference was made to
the high standing and connections of
boards of trade as shown by the re-
cent Imperial Congress of Chambers
of Commerce of the Empire held at
Toronto. The hope was expressed
that the St. John board would be
able to reciprocate at an early day,
the hospitality and kindness of the
Bathurst board.

Co-operation Needed.

Mr. Jarvis of the Chatham board,
delivered an excellent address, which
was full of good suggestions and
ideas. He urged the importance of
the boards of trade co-operating to-
gether to secure good roads, to obtain
the best educational facilities, and to
help their several communities. He
extended some excellent advice to
the several boards, based on his own
experiences while president of the
Board of Trade at Woodstock.

Timber Conservation.

Mr. Champoux, of the Campbellton
Board, emphasized the importance of
boards of trade aiding in the develop-
ment and conservation of the natural
resources of the country. He particu-
larly mentioned the standing timber
of the province, a large area of which
is to be found in the province, ad-
jacent to Quebec.

Country's Wealth.

Mr. Morais, of the Carleton Place
Board, who is an enthusiast in community
promotion, spoke in both English and
French, impressing upon his hearers
the wealth that Gloucester and the
North Shore possessed not only in
timber, but in fish and agriculture.

He referred to the great possibilities
which lie in the harbors of Gloucester,
particularly Carleton Place, Bathurst,
and Shippegan. He was not greatly
impressed with the methods of man-
agement of the Carleton Place Railway.

Channel Needs.

Mayor Burns, of Bathurst, empha-
sized the need of deepening the chan-
nel into Bathurst harbor, also the
importance of connecting Bathurst
with the C. P. R. by means of a line
of railway to Plaster Rock. He also
spoke enthusiastically of the possibi-
lities of the hydro-electric project,
which had been started through the
energy and foresight of Mr. Angus
McLean and the Bathurst Board of
Trade.

Fish Protection.

Mr. P. P. MacKay delivered a strong
appeal for the protection and promo-
tion of the fishing interests of Glocester,
making particular mention of
salmon and oysters. It was a crime,
he declared, in the way that fish were
spoiled and dynamited during the
spawning season. Hundreds of thou-
sands are destroyed each year by this
means alone. Much of the spat of the
oyster was lost through improper
treatment during the spawning period.
He was inclined to look with favor
upon the Japanese method of oyster
culture. The Japs erect timbers in
the vicinity of oyster beds. The spat
attaches itself to these hanging tim-
bers and as the weight of the growing
oysters on them increase, they fall
down flat on the bottom where they

ment.

Better Citizenship.

Rev. J. A. Cooper, Anglican clergy-
man, urged the need for higher ideals
in citizenship and of men interesting
themselves more in community wel-
fare. He spoke enthusiastically of
what Bathurst was doing in the way
of industrial promotion and in pro-
viding healthy amusements for young
and old. He advised all present not
to "knock" their towns, but to say a
good word for them whenever the op-
portunity presented itself. St. John,
which, he said, was once termed "the
city of delegations," had taught the
Bathurst Board a great lesson as to
the value of delegations in presenting
matters to the governments.

Rev. A. D. Archibald, Presbyterian,
laid stress upon community co-opera-
tion, referring in pleasing language to
the excellent community spirit which
prevailed among all classes and creeds
in Bathurst.

Tribute to Ladies.

Mr. L. L. Des Roches spoke for the
ladies and spoke well. He paid a tri-
bute to the good work they had done
during the war, to the splendid spirit
they had shown in looking after hospi-
tals and similar forms of work. In
closing his address he expressed ap-
preciation of the fact that St. John
had sent a representative to Bathurst
for the dinner. He requested the
St. John representative to inform his
board and people of the great
possibilities of Gloucester County and
particularly of the industrial centre of
Bathurst, which he declared had
about risen to the dignity of a city.

Mr. Armstrong, speaking for St.
John, said it would be a pleasure for
him to say goodbye for the coming
city of Bathurst when the oppor-
tunity offered. He again expressed
his appreciation of the warm hospitali-
ty extended him and of the kindly
reference that the several speakers
had made to St. John, Canada's first
winter port.

The banquet, which was brightened
with some excellent vocal and instru-
mental music, was brought to a close
shortly after midnight by the singing
of the National Anthem and cheering
for the Bathurst Board of Trade.

AVOID THE WASTE

And the wear and tear caused by
undigested food that exhausts your
digestive organs, does not nourish
your blood, and weakens instead of
giving strength.

Hood's Sarsaparilla is a splendid
tonic for the blood, stomach, kidneys
and liver. It creates an appetite, per-
fects digestion and assimilation, se-
cures 100 per cent. nourishment from
your food.

More than this, it purifies, vitalizes
and enriches the blood, which is the
life of the body, eliminates catarrh,
scrofula, rheumatism, that tired feel-
ing and other diseases, the poisons of
diphtheria, scarlet and typhoid fevers,
and influenza.

Take Hood's Pills for a gentle laxa-
tive (as above) for an active ca-
thartic (large dose).

THREE SOLDIERS KILLED.

Dublin, Feb. 23.—Bodies of three
soldiers were found near Woodford,
County Galway, last night. Each man
had been shot through the head and
on each body was a note on which
was written "Spies, court martialled
and found guilty."

1 Pill a Laxative,
2 Pills a Cathartic,
3 Pills a Purgative.

This is the Way Milburn's Laxa-Liver
Pills Work

You will never use any of the old
gripping nauseating, sickening, purging
pills, containing, as they do, calomel
and other drastic mineral ingredients,
once you use Milburn's Laxa-Liver,
a pill that is purely vegetable.

Owing to the great care used in pro-
curing the highest grade of drugs from
which they are manufactured, they are
as near perfect as it is possible to
get a laxative remedy.

They work gently and effectively,
without griping or pain.

If you are troubled with constipa-
tion, biliousness, driven to distraction
with sick headaches, if your tongue is
coated, your breath bad, your com-
plexion muddy, your eyes yellow, have
floating specks before the eyes, jaun-
dice, itching, bleeding or protruding
piles, sit up your sluggish liver with
a few doses of Milburn's Laxa-Liver
Pills.

Mrs. Roy Mackie, Orillia, Ont.,
writes—"I desire to express my
thanks for the relief I have had by
using Milburn's Laxa-Liver Pills. I
had been suffering for some time from
constipation and indigestion. I
tried a lot of other pills, which did me
no good, until I was advised to try
your pills. I got great relief after tak-
ing only a few doses."

Bathurst Power Co. Wants More Capital

Application Set Down for
Hearing on March 23—St.
Andrews Co. Issue Approved

The public utilities commission
yesterday morning approved the appli-
cation of the St. Andrews Electric Light
and Power Co. for an increase of cap-
ital by an issue of \$9,900 of securi-
ties. M. N. Cockburn, K.C., appeared
for the company.

An application was presented by the
Bathurst Electric Light and Water
Power Co. for permission to increase
their capitalization by the issue of
\$1,500,000 in bonds and \$2,000,000 in
common stock. The money so derived
to be spent in developing power on the
Napier River for the purpose
of supplying light and power to cen-
tres near Bathurst. Chairman Con-
nell raised the question as to the
jurisdiction of the board in granting
right to increase capital. The hear-
ing was set for March 23.

The applications of the Woodstock
Electric Light and Power Co. for ap-
proval of an issue of \$50,000 bonds
and of the St. Croix Water and Power
Co. for an increase in rates were set
over until March 23.

Herman Allen, a highly respected
resident of the North End, died yester-
day morning at his home, 46 Ade-
laide street. Mr. Allen was for many
years an engineer on the steamer, D.
J. Purdy and was one of the best
known men in the river service. Mr.
Allen was seventy-four years of age
and a devoted Christian in religion.
Besides his wife, he leaves two
sons—Herman and George, and two
daughters, Mrs. T. Herbert Gregg and
Mrs. Archibald D. Duncan, all of this
city. The funeral will be held on Fri-
day afternoon from his late residence.

Railwaymen Are Making Trouble

London, Feb. 23.—Yet another rail-
way crisis has arisen here. Thirteen
thousand signal men, who are all
members of the National Union of
Railwaymen threaten to strike if their
demands for the standardization of
wage rates are not met within the
next fortnight.

The men, angry with their own
executive because of the delay in the
negotiations with the railway com-
panies, complain that every other
grade of railway workers except the

shopmen and themselves have obtain-
ed the standardization promised after
the last national strike.

Mrs. T. G. Woodman.

Word of the death of Mrs. T. G.
Woodman, daughter-in-law of J. M.
Woodman, general superintendent of
the C.P.R., New Brunswick district
reached here yesterday morning. Mrs.
Woodman recently contracted pneu-
monia and death resulted. Mr. Wood-
man is yardmaster of the C.P.R. at
Montreal. Mr. and Mrs. J. M. Wood-
man are now in Montreal and will
accompany the body to Fort William,
the late Mrs. Woodman's former home.

"Will I make an extra profit,
or will I stick to quality???"

—Whenever the grocer buys
tea this is the question that
comes to his mind.

If he is after the biggest pro-
fit he will never buy Red Rose
Tea for it gives him less profit
than other teas which he sells
at the same price. But he buys
Red Rose.—It has the quality.
