Sneak Thieves Robbing Churches

Entered Canterbury by Breaking Stained Glass Window—Took Money from Box.

The sneak thief or thieves, who have been making a practice of robbing churches have been busy again, and this time they picked a Canterbury church as the field of operations. Some time Saturday evening, some person or persons, made a forcible entry and after going all through the building, broke open the box at the front entrance, in which the offerings for flowers are placed, destroyed it and made off with what few dollars were there.

The entry was made through one of the stained glass windows near the Wentworth street entrance to the school room, breaking out a piece of glass about eighteen inches square. In one of the fine stained glass windows, a hole was made in the leaded glass, and when this failed they had broken the window from the inside. On a recent trip that some few weeks ago Central Baptist and St. Mary's churches were visited on the same night by burglars. At the former it was the pockets of the members of the choir which suffered, everything of value being removed while the service was going on. At the latter it was the poor box which was rifled, after the church service had been concluded.

How Bellisle Ducks Differ From Others

Built Nest and Was Hatching in Large Chimney of Summer House.

That the wild ducks (the Bellisle, or at least one duck in particular, has become imbued with the modernist's mode of life, is attested by the fact that on that beautiful stream. The particular duck, a young matriarch and one of this year's brides, which has been inclined to believe, is not only strongly opposed to race suicide, but an ardent believer in large families, and in child-welfare and better homes, or falling short, usually she possesses a sufficient enlightenment to appreciate the articles that have been made in the science of artificial incubation, and willing to take advantage of the discoveries of the day.

P. E. I. Clergyman At Queen Sq. Church

Rev. J. F. Denny, Late of Demerara, Preached Two Powerful Sermons Yesterday.

Both services at Queen Square Methodist church yesterday were conducted by the Rev. J. F. Denny, late of Demerara, who has been transferred to the N. B. and P. E. I. conference, and he preached two powerful sermons, which were listened to with much interest by fairly large congregations.

At the evening service, Rev. Mr. Denny took as the subject of his address, "Can or Does God Forgive Sin?" The preacher said that forgiveness was more than a problem of theology, it was a problem of life, whose difficulties appear only as we seek to solve them. We have all felt that there was something wrong with the world but even in our ecstasy, our sweetest songs are those that tell of saddest thoughts.

The speaker pointed out the development of the study of evil, by which men have realized that not accident but the individual himself has been to blame. He showed how, in many ways, men had been brought to see sin as a broken law and a rebellion against God. But when Jesus came in the Cross, He gave a great stimulus to re-thinking our thoughts in regard to sin.

The preacher said that sin could be considered in three aspects, as a record, as a habit, and as an influence. Christ taught that a record could be blotted out by the repentance of the sinner. The power of sin, expressed in habit, could be broken, and the speaker gave an illustration in which he pointed out how an habitual drunkard had lost his craving for liquor in a moment. In regard to influence, we must remember, by saying that we are responsible for ourselves, and for the temptations we cast in the way of others to those temptations.

Test Of Turbine Very Successful

First Light from Musquash Development—Two Other Turbines Start in Few Days

The test of the turbine, hatched up to the west branch of the Musquash, was begun on Saturday and is proceeding nicely. The machine will be ready for a week or ten days in order to make whatever adjustments are necessary, before it is taken over from the contractors by the Power Commission. Saturday morning the lights in the power house were supplied with juice from the turbine, the first light from the Musquash development.

It is expected that repairs to the broken leading from the east branch to the power house, will be completed and the water turned into it more or less in about four days after the turbine is hatched up. The turbine hatched up to this feed will be started and given their test. Each of the three turbines installed in the Musquash power plant have a generating capacity of a little better than 3,000 h.p. and it is hoped to have all three tested in good working order within the next two weeks.

Exchange of Pulpits in Local Churches

Baptist Ministers in Regular Exchange—Methodist Pulpits Filled by Visiting Clergy from Conference.

Yesterday morning the Baptist ministers had their regular exchange of pulpits. At Main street the preacher was Rev. A. L. Tedford; at Victoria street, Rev. C. T. Clark; at Thebes street, Rev. G. D. Hudson; at Waterloo street, Rev. S. S. Poole; at Germain street, Rev. F. H. Bone; at Central street, Rev. A. S. Sweeney; at Charlotte street, Rev. David Hutchinson; at Fairville, Rev. C. R. Freeman.

Most of the Methodist pulpits of the city were filled by visiting clergymen yesterday, sent down from the conference for the purpose. At Portland street the preacher was Rev. Frank H. Littlejohn, of Chatham, who delivered two splendid addresses, morning and evening, and who also gave a ten minute talk to the Sunday school in the afternoon. At Exmouth street the pulpit was filled by Gordon Stevens, a former member of the church, who has been accepted as a candidate for the ministry.

At the Carleton church the speaker was Rev. J. B. Champion, who is now stationed at Newcastle. Rev. R. G. Fulton, pastor of Central street, exchanged pulpits with Rev. J. B. Rice, of Fairville at the morning service and occupied his own pulpit at the evening service. At Queen Square church Rev. J. F. Denny, late of Demerara, preached at both services.

MAIN ST. BAPTIST PICNIC ENJOYED

The annual picnic of the Main street Baptist Sunday School was held Saturday at Crystal Beach and nearly five hundred of the school's and their friends took advantage of the opportunity to spend a day in the country. The day was all that could be desired for such an event and all seemed to enjoy the day. During the afternoon a ball game between the North End Nationals and a picked team provided a world of amusement for the on-lookers, the former being the winners of the game and a monster watermelon. The happy crowd went to the steamer Majestic and Hampton and were brought home on the D. J. Purdy.

Obituary

George Baxter The death occurred suddenly at Collins on Friday morning, June 16, 1922, his age, in the 77th year of his life. He had risen in his usual health and had been watering his garden. He came into the house and almost immediately was stricken, and passed away in a few moments. He was very highly respected, and his death is a great shock to his many friends. He was a son of the late Walker and Mary Baxter, and was born in St. Martin's. He lived there till 29 years ago, when he moved to Collins. He is survived by his wife, four sons, Walker of Midland, Kings Co.; Frank, Alonso and Clarence of Collins; also ten grandchildren and one great grandchild. Two brothers also survive, John and James, in the U.S.A. The funeral was held Sunday afternoon. A short service at the home at 11.30 and the remains were taken to the Baptist Church at Collins for service at 2 o'clock, and then to Upper Springfield burying ground for interment. Rev. Saunders Young conducted the services.

Concrete Main Was Repaired

Bread Case In The Police Court

Working continuously from Saturday at noon until late last evening a large crew of men made a number of repairs to the concrete main from Lattimer to Phinney's Hill, and the water will be turned on at five o'clock this morning.

The main has been giving a considerable amount of trouble of late and Commissioner Wigmore decided to make the repairs inside the pipe this time instead of outside, as they have been doing.

The water was shut off Saturday at noon and the commissioner and a large crew of men started at work. The men worked in relays, there being no stop until the job was completed. The new concrete was covered with plaster paris to keep it from washing out when the water was turned on and it is expected there will be very little leakage from the main for some time to come.
