THE ONLY WAY TO GOOD HEALTH.

IS TO KEEP THE BLOOD RICH, RED AND PURE BY USING DR. WILLIAMS' PINK PILLS.

The only way for every girl and woman to be well and at her best is to keep her blood rich and red and pure. Impure, weak blood is the cause of the wretched feeling of languor and faintness, pains in the back and sides, headaches and all those other indescribable sufferings which make the lives of so many growing girls and women a daily torture. There is one sure way to be well, and that is through the timely treatment supplied by Dr. Williams' Pink Pills for Pale People. These pills actually make the new, rich blood which growing girls and women need to make them well and keep them well. Thousands of mothers and their daughters have found an effective cure for anemia, general weakness, indigestion, palpitation, nervous disorders, skin troubles and other ailments in Dr. Williams' Pink Pills. Mrs. J. C. Moore, Brenton, N. B., says: Last spring and summer my daughter's health gave out. She had no energy, was very pale and nervous, and had no appetite. As the usual remedies given in such cases did not help her, we became much alarmed, and on the advice of a neighbor began giving her Dr. Williams' Pink Pills. We could soon see an improvement, and as she continued to take the pills she gained in weight and vigor, her color returned and her whole system seemed to be built up again. She is now the picture of health and joy in recommending Dr. Williams' Pink Pills.

These Pills are sold by medicine dealers or will be sent by mail at 25 cents a box or six boxes for \$2.50 by addressing The Dr. Williams' Medicine Co., Brockville, Ont.

The 'Man on the Street.'

When THE ACADIAN some months ago suggested that the Board of Trade might very reasonably take in hand the matter of having the old American House property put in a more presentable condition, the 'man on the street' was surprised at the tenacity of the proposition. That such an influential body should bother itself over so unimportant a matter as town improvements was not to be expected.

Nothing of less magnitude than the Atlantic last line or the bridging of the Gulf Stream should be of sufficient importance to attract the attention of the Wolfville Board of Trade.

It would be a fine thing, however, if before the tourist season comes round again something could be done to have the premises referred to above improved in appearance. They have been too long a disgrace to the town. Possibly the fruit on the place, which the 'man on the street' notices is to be good, will bring a sufficient amount to cover expenses.

Another thing that would make our town more attractive to tourists would be a change in the character of the reception given them on their arrival at the railway station. Such proceedings belong to a past age, and is not creditable to the town nor likely to impress visitors at all favorably.

There is no fear but that even without the vociferous exclamations of the ardent representatives of the different places of entertainment, those who come to our town to spend their holiday, and incidentally a few dollars, would become sadly disillusioned. The 'man on the street' has heard a good many respectable people say that they didn't like it.

Rod and Gun for September.

September is noted for duck hunting and the numerous sportsmen who pursue this form of sport with ardor will find their favorite recreation dealt with in simple fashion in the September issue of Rod and Gun in Canada, published by W. J. Taylor, at Woodstock, Ont. This healthy and invigorating sport receives fine treatment in stories of duck hunting in Ontario, Manitoba and Saskatchewan, goose shooting in the West and papers on the ruffed grouse as found in British Columbia and Ontario. Light travel and holiday sketches, with fishing papers give variety and interest to the issue. Dog lovers will welcome a further paper by Mr. Clapham dealing with the Airdale terrier. Altogether no better companion for the sportsman either at home, in camp, or on his travels, can be secured than a copy of this fine issue.

One reason why Carpenter-Martin Roofing is getting so popular is because it is so easy to put on and wears after it is on. You don't have to keep fussing with it. It does not break through like a lot of cheaper Roofings on the market. Once it is put on it stays. It is guaranteed for years. Halsey & Harvey, Post Williams, N. S., local agents.

Horse Notes.

The Harvester, by Walnut Hill, and Bob Douglas, by Bingen, two great four-year-olds with national, and unbeaten reputation, met at Hartford, Conn. on the 6th inst. for a trotting stake of \$10,000. The Harvester, driven by the prince of race drivers, Ed. Geets, won.

At the Labor Day races at Sussex, N. B., on the 11th, by Fernon, driven by Frank Boutiller, won in the 2:21 class. And Frank Power, by Rampart, won the 2:30 class in three straight heats, getting a record of 2:25 1/2.

Nothing is more conducive to good honest sport than that the public, or looker-on, should have entire confidence in the management and that impartial and fair dealing shall be handed out to the contestants, whether they be man or beast.

Unless most extraordinary lying is being indulged in by the public generally, no more desperate, partial and deadly decisions were ever handed out to a simple minded, and innocent constituency of both contestants and onlookers, than that which transpired at Middleton on Labor Day. A copy of the National Association Rules should be secured for any judges that have not common sense, and who have not impartial minds. Here is an opportunity for the National Association to step in.
