

SACHEL -OF THE- SATELLITE

As a strategist, Gamely is the best since the days of Julius Caesar.

The Banner Foxy Quiller should write that Eagle Eye in eye-talics.

It is a matter of public comment how low Father Thames has sunk of late.

The only apparent policy that Ross et al have is, "Every man has his price."

Was it the Evil Eye or the Eagle Eye which that Banner-Manakin claimed as his?

Charity may begin at home, but reform is generally practised outside the Reform party in Ontario.

How the party that purchased power was shown up and felled, a tragedy in two acts by Mr. Gamely, of Manitoulin.

It is easier for oil to be pumped from a dry hole in Raleigh than for the "News" Manakin to see through his Eagle Eye.

Even rats desert a sinking ship. Frank Sullivan resigned his government job as soon as Mr. Gamely gave his brief insight into Grit political methods.

The Grit party will be able to sing soon "In the sweet buy and buy," as they look backward to the days that were, but never will be again.

Mrs. Mary Bass, of Louisville, Ky., the original "Mrs. Wiggs of the Cabbage Patch," says she objects strenuously to the book. She does not want anyone to be acting on the stage the things that she does in real life.

A friend of mine had a dog that passed peacefully away. At least, Mom Ami said it did. He then had a door mat made of the deceased dog's hide. One day, the inquisitive One asked why the canine skin door mat reminded one of a lamb. No one answering, he gave this, "because it is so flea-cy."

ORIGIN OF "PIPE STORIES."

Smokers will be relieved to learn on the authority of the Journal des Debats, of Paris, France, that there is no doubt that tobacco assists intellectual labor. Under its stimulation, the paper says, ideas flow easily and quickly group themselves.

PENSIONS FOR TEACHERS.

If any employees should be granted pensions, the school teachers should head the list. They are poorly paid, and they perform a great service to the state. It is obviously to the advantage of the state and to each particular community to magnify the profession of teaching, in order that the best possible character and ability may be attracted into the teaching field. This can only be done by paying liberal salaries or by granting pensions, or by doing both.

PRAIRIE SIDING.

Joseph Crow is much better. The young son of E. Labute was taken to St. Joseph's Hospital. Miss Victoria Sterling was the guest of her sister, Mrs. Fred Antaya, last week. G. T. Crow returned home yesterday from a business trip to Montreal. L. Antaya is reported somewhat better. Fred St. Peter paid a flying visit to Jeannette's Creek last week. Jos. Johnson was a Maple City visitor Sunday last. Frank Sterling has obtained a good position in Detroit. Andrew McLatchie intends moving to Chatham. Robert Johnson, of Chatham, was here on business yesterday. Mrs. F. Sterling was a Maple City visitor on Monday. To the wife of Gregory Carron, a daughter. Mrs. A. Jubinville visited her sister, Mrs. Joseph Crow, last week. The young son of Joseph Crow, who has been quite ill, is improving rapidly.

HUFFMAN'S CORNERS.

The robins have decided that it is time for spring to come, and are with us again. An epidemic in the shape of leaving the farm has taken possession of the people. Frank Suttler is the latest one to retire from the farming business, and has secured Geo. Vester's machine and implement business in Blenheim. Geo. Vester is moving over near the Townline, on his place just vacated by Mr. Rocky, who in turn has purchased Mr. Wright's place near here. We are sorry to lose Frank's happy and smiling presence. A baby boy came to brighten the home of Mrs. Laidlaw on Tuesday last. Rev. A. E. Thomson, B. D., is visiting at the parsonage and is aiding the pastor in the revival services for a few days. Considerable interest manifested in this work and the meetings are promising. Some of our young people attended the minstrel show under the auspices of the Chatham Football Club, and report having a delightful time. The concert and tea which was held at Zion on Thursday, the 5th, was enjoyed thoroughly by those who were present. The roads, however, were almost impassable. A fine program was

It's Impure Blood.

"What is it?" asks the mother as she notices the smooth skin of her child marred by a red or pimply eruption. It is impure blood, and the child needs at once to begin the use of Dr. Pierce's Golden Medical Discovery, the best and surest remedy for impurity of the blood. It entirely eradicates the poisons which corrupt the blood and cause disease. It cures scrofula, boils, pimples, eczema, salt-rheum and other eruptive diseases which are the direct result of impure blood. It enriches as well as purifies the blood.

"Dr. Pierce's medicine has not only benefited me greatly, but it has done wonders for my two sons," writes Mrs. M. H. H. of Denver, O., N. Y. "Both had scrofula. I have lost two daughters in less than five years from consumption and scrofula. My eldest son was taken two or three years ago with hemorrhage from the lungs. It troubled him for over a year. He took Dr. Pierce's Golden Medical Discovery, and has not had a hemorrhage since. My younger son had scrofula on his neck, but two lanced, but has not had any since he commenced to take your medicine."

Accept no substitute for "Golden Medical Discovery." There is nothing "just as good" for diseases of the stomach, blood and lungs.

rendered and a splendid tea was very heartily appreciated by all.

Herbert Huffman is now the proud possessor of a fine girl baby, who arrived March the 5th. Willie Huffman has been ill for some time with the Quinsy. We are glad to learn that he is improving.

McKAY'S CORNERS.

Miss Blue, teacher, returned from visiting her mother in Duart on Monday.

James J. Clark's horse ran away on Monday night, upsetting and damaging the rig considerably. Mr. Clark was not in the rig at the time. James T. Smith's new rig, which was broken up in collision a few days ago, is being repaired in Parson's carriage shop.

Patrick Kelly, of the 5th concession, Harwich, is town (to-day) looking for contractors, as he is building a fine residence this coming summer. Chas. Martin, the Mayor, is considerably indisposed.

Neil Clark has returned from visiting friends at Duart.

The Howard Rifle Club made some fine scores at last practice. Dan Galbraith topped the score. The Club is practicing regularly that its defense of the Ferguson trophy may be successful in the May competition.

A member of the Home Mission committee will conduct services for Mr. Robertson on Sunday, 15th.

Mr. John Maw has just returned after acting on the petty jury and reports very little work for the jury-men.

Sam. Filby, of Northwood, is in the village to-day on business.

Mrs. John Tuck is slowly improving in health after a long sickness.

HAVE HAD THEIR DAY

Old Fashioned Medicines For Catarrh No Longer in Vogue

For many years past the usual treatment for catarrh diseases was with local douches, sprays, inhalers and liquid medicines composed principally of alcohol, all of which never cured but simply gave the temporary relief and stimulation.

A thorough cure can be made only by the treatment which removes the catarrhal poisons from the blood.

A new remedy which meets the requirements and which so far has been remarkably successful in curing catarrh is Stuart's Catarrh Tablets.

These tablets act upon the blood and mucous membrane only. They can hardly be classed as a secret patent medicine as they are composed of such valuable remedies as blood root, Hydrastin, red gum of Eucalyptus tree and similar antiseptics combined in tablet form, which cure by eliminating from the blood and mucous membrane the poisons of catarrh.

Stuart's Catarrh Tablets are large, pleasant tasting lozengers to be taken internally, allowing them to dissolve in the mouth, thus reaching the throat, trachea and finally the stomach.

If desired they may also be dissolved in water and used as a douche, in addition to the internal use, but it is not at all necessary to use a douche; a few of them dissolved in the mouth daily will be sufficient. However, when there is much stoppage of the nose, a douche made from these tablets will give immediate relief, but the regular daily use internally will cure the whole catarrhal trouble without resorting to the inconvenience of a douche.

Dr. Bennett stated "that the internal treatment of catarrh by means of pleasant medicated tablets is rapidly taking the place of douches and local applications" and further says that "probably the best and certainly the safest remedy at present on the market is the Stuart's Catarrh Tablets, as no secret is made of their composition and all the really effective catarrh remedies are concentrated in this tablet."

Druggists sell Stuart's Catarrh Tablets at 50 cents for full sized package, and he will tell you there is no safer, more palatable, efficient and convenient catarrh cure known to the trade.

Those who persist in dealing in fables sometimes retain a fond remembrance of the past.

THE STAGE

"All the world's a stage and all the men and women merely players."

Among the young managers who have steadily forced to the head in matters theatrical is M. M. Theise, who a few seasons since placed before the amusement public a combination of burlesque and vaudeville known as "Wine, Woman and Song," which from the very first won universal approval, since when by its worth it has yearly climbed upward in public opinion until to-day the title is recognized as that to something with merit and vigor perennially new beneath its baptismal name; which Mr. Theise has every intention of maintaining, his aim being to make the trademark one that will ever be recognized by his patronage as covering a production new, original and delightful season after season. So, when "Wine, Woman and Song" plays at the Grand on Wednesday night be sure of an amusement refreshing and quite up-to-date.

AN UP-TO-DATE PLAY.

"The Lights of Gotham" will be played at the Grand on Thursday and should be greeted by a full house, as the company is a first class one and highly recommended by the press and public. Culhane, Chase and Weston, of minstrel fame, are the managers of this attraction, which is a guarantee of its merit. They now have five companies on the road playing "The Lights of Gotham," and will send a company to London to produce the play at the Savoy Theatre in September. The play is a comedy in comedy and the plot is a double one, that holds all until the drop of the curtain. The scenic effects are fine and all carried by the company. Seats on sale at Central Drug Store Thursday.

ANNOUNCEMENTS.

WORLD OF SPORT

TURF

Tommy Burns, the Chatham jockey, who has just completed his most successful season at the Coast, heading the list of jockeys there, has received orders from his employer, Mr. Whitcomb, to go into training at Hot Springs, for the coming races at Washington, D. C.

BASEBALL

Already two teams have entered the intermediate city league, the Briscoes and Brooklyns. It is desired that at least two more teams entered so as to have a series of games arranged. Other clubs forming should send the names of their teams to the Sporting Editor of The Planet.

BAD ROADS

It is many years since Chatham roads were in the bad state they are just now, the side streets and streets leading into the city are especially heavy and deep. The stories of the trials of the horses and others are many. The other day a young lady was walking out in the east end of Park street when she heard a rather muffled cry coming from she knew not where. Just then she noticed a movement in the slushy mud but could not distinguish what it was. On closer examination it turned out to be a two or three year old boy who had got his feet stuck in the mud and in an endeavor to loosen his feet got his hands and feet stuck. He still lives.

A woman driving in from Chatham Township out the Bakoon road on Saturday she got as far as the second concession when the horse became exhausted and couldn't come any further. The woman footed it the rest of the way, got her groceries and walked out to the horse again. It is not known if she's home yet.

A drayman, with a small load of pig iron, got stuck on William street just past the pavement yesterday morning. With the help of G. T. B. drayman Adam Taylor he was landed safely on the pavement.

It required four stout horses to draw the 50 barrel tank that S. Hadley Co. sent the Chatham Company's new well on the Thos. Soutar place, concession 8, Raleigh, through the mud on Saturday.

"I don't know what there is about betting on horse races that should be so deleterious to health," said young Mrs. Jenkins, pensively. "I never heard of such a thing," answered the visitor. "Neither did I until I heard Charley talking about it. Every time he makes a bet he comes home and says there is something wrong with his system."—Washington "Star."

A New York parson has rebuked the women of his congregation for wearing too large hats. He complained that some of the brims were so extended that he could not see the wearer's mouth to administer communion and narrowly missed pouring it into the side balcony of the hat. In Switzerland an unprincipled law forbids the wearing of hats more than 18 inches in diameter under a heavy penalty.

A placard reading, "Will not return until December 3," placed upon the door of a residence in West Philadelphia, was so informing to burglars that when the family did return at the date fixed they found the house ransacked, and silverware, jewelry and much clothing missing. The police were notified, but the thieves had not been so accommodating, and left no hints on their part.

Do You Get a Fair Start Each Day.

A man's ability and his capacity for work depend practically on the kind of start he gets each day at breakfast. In a professional office, warehouse or factory work, breakfast with its attendant satisfaction, or its discomfort, makes the character of the day and determines the quality of the work accomplished. A breakfast based on Malt Breakfast Food is eaten with a zest and relish that guarantees a store of energy for the day's work. Physicians say Malt Breakfast Food is the ideal cereal to commence the day with. It pleases the most critical; the flavor is most delicious, and the food value is extraordinary. One package of Malt Breakfast Food will make a meal for twenty-five people. Grocers everywhere.
