

## Inspection of Cattle.

thereof, nor articles having been employed about them, be permitted to remain in Canada nor to come in contact with any person or persons, other than those engaged on the train, or thing whilst thus undergoing the said transit.

17. Inasmuch as it is of absolute necessity, owing to the length of the trip, on the Grand Trunk Railway, to provide for a place where American cattle and swine can be fed, watered and rested, it is ordered that the said resting place shall be established at the station of Lyn, in the province of Ontario, where a double, isolated enclosure shall be provided by the railway company, selected, established and fitted to the satisfaction of the minister of agriculture, before the said company is permitted to transport American cattle or swine over their line. The said enclosure, besides other requisites, shall be provided with a high board fence and a vacant space around the said board fence, the said outside spaces to be also fenced, in order to prevent any approach to the inner enclosure; the said inner enclosure shall be provided with a special siding, with two locked doors, for the admission and isolation, under key, of the cars of trucks carrying American cattle or swine in transit.

18. The two fenced enclosures mentioned in the next foregoing section, situated at the Grand Trunk Railway station at Lyn, in the province of Ontario, with all appurtenances therein, or things belonging thereto, is hereby declared to be an infected place, in the meaning and for all purposes of the "Act to provide against infectious or contagious diseases affecting animals."

19. The enclosures through which the American cattle and swine enter Canada, in transit at Sarnia, on the Grand Trunk line, must be arranged, fitted and isolated in like manner, to the satisfaction of the minister of agriculture, and the said enclosures situated on the Grand Trunk Railway grounds, on the frontier, with everything thereto appertaining, are also declared hereby to be an infected place.

### PART IV.

#### *Conveyance and Shipment of Animals.*

20. To provide against the possibility of diseased animals being carried from place to place, through Canadian territory, or conveyed to or shipped from Canadian ports, it is ordered as follows:—

21. An inspection of animals will be made at any place or ports in Canada to which such animals are carried in the manner prescribed by the instructions which may be given from time to time by the minister of agriculture.

22. Such animals as may be found to have been exposed to contagious or infectious disease, or to be labouring under contagious or infectious disease, shall be either detained or slaughtered in pursuance of the provisions of the said Act, under direction of the minister of agriculture.

23. The officers appointed to carry out the law and present regulations shall have free access to any boat, ship, vessel, car, van or other vehicle, or to any place where animals may be found, in order to inspect the same, and under instructions from the minister of agriculture, deal with animals having been exposed to disease or with diseased animals, and the articles employed in their service in the manner contemplated by the said act, under the penalties prescribed thereby against any person contravening any of the provisions thereof or of any regulations made thereunder.

24. The said inspectors or officers may, if it be deemed necessary, order the cleansing and purifying of any place, vessel, vehicle or other article having been made use of to receive or transport or being about to receive or transport animals, and direct such precautionary measures to be taken as may be considered advisable.

25. Proprietors of or dealers in stock having moved or intending to move animals towards a port of embarkation in Canada for export, must give notice to the inspector appointed for such port by telegraph or by letter, at least twelve hours in advance of the time of arrival of the said animals for shipment, and during the progress of inspection shall, with the hands at their disposal, give every required assistance to the inspector at such port, and move the animals according to the direc-
