Better Than a Tonic

At this season of the year, after a strenuous winter the human system requires the most nourishing, body-building food.

Food that will build bone, muscle and brain tissue, and replenish the run-down nerve cells of the body.

Whole wheat is man's most perfect food.

SHREDDED WHEAT

Biscuit is the whole wheat, steam-cooked, shredded and baked. Nothing added—nothing taken away. Each delicate, porous shred full of strength-building nutriment, and easily digested by the most delicate stomach.

Its very crispness compels thorough mastication, the first process in digestion.

Try two Shredded Wheat Biscuits for breakfast with milk or cream. Always heat biscuit in oven to restore crispness before serving.
