

Those wonderful skydivers are back

Anticipating an early spring, the Dalhousie Parachute Club is gearing up for a new season.

The club has the use of a Cessna 182 which will be flying again every weekend starting February 21-22. Everyone who trained with the club last fall, but who didn't get to jump, should plan to make it to Waterville for this first weekend. A refresher-training course will be given for those people.

The club is offering complete training to those who would like to try parachuting and have never jumped before. A course will be held at the SUB, room 318, on the evenings of February 17, 18 and 19 from 7-9:30 p.m. and again on Saturday, February 21 at the drop zone at Waterville. Those who complete the course on these dates will be able to make their first jump that weekend. Bring a sleeping bag etc. and party with the club Saturday night in Kentville.

Initial training and membership fees are \$95. Dal students enjoy free use of club equipment and pay only \$6. per jump after their first jump.

Initial jumps are made from 3000' and the parachutes are "static-lined" to open immediately after jumping. Students can progress to "free-fall" where they jump from higher altitudes and deploy the parachute after "flying" down to 2200'.

Equipment and techniques have developed considerably

since the days of "Barnstormers" and WW II paratroopers making the sport extremely safe . . . but never boring.

To find out more about our club, come to our meeting February 17, room 318 SUB, or call Laurie MacNeil, 429-0937; Dave Williamson, 455-1409; or John Woods, 426-5935.

GET IT ON YOUR CHEST
