MR. KING:

Mr. Veits has just brought in a revised copy of the proposed act to amend the Federal District Commission Act. He informs me that Mr. Edwards has seen and approved the changes.

Mr. Edwards is of the opinion that a new resolution will be necessary. Mr. Veits attaches a draft resolution, although in its final form it will have to be approved by Mr. Troop, assuming the proposed changes in the Act meet with your approval.

I understand that you wish to have this before you in Council today.
