The Right Honourable Arthur Meighen,
Ottawa, Ontario.

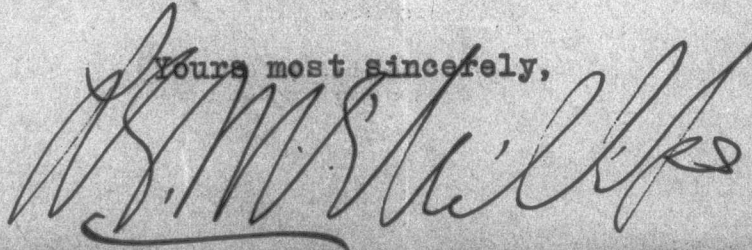

Dear Mr. Meighen:-

I read your speech of
June 2d, 1925, sent out in pamphlet form,
with very great interest. It seems to me
that this is the proper policy for Canada
and should carry the next election. Our
only difficulty will be Quebec. I hope
that Quebec's own personal interest will
enable them to forget conscription.

I hear from the centre
provinces that there is some possibility of
some successes there as the people are be-
coming absolutely tired of the Progressive
Party.

LCMP.

Yours most sincerely,
