

Ottawa, 1st August, 1906.

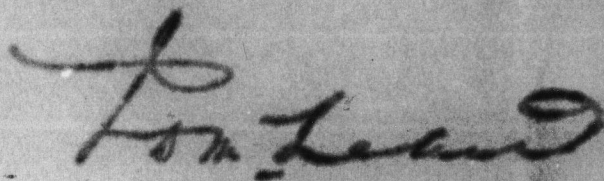

Sir,-

I beg to confirm the following telegram sent you yesterday:-

" Yes, resurvey by Interior Department left
" a road allowance on north boundary Alexander reserve".

The returns of the survey by E. W. Hubbell, D.L.S., 1904, show clearly that a road allowance one chain wide was left along the north boundary of the said reserve and of course outside of ~~the~~ the reserve.

Your obedient servant,

Secretary.
