Civil Aviation Division,  
OTTAWA, Canada.

A 6389

Attention: Mr. S. Graham, Superintendent  
Air Regulations.

We received in the mail today our certificate of registration and air worthiness for aircraft Piper J3, A65, CF-DAX, serial No. 134B.

We notice a slight discrepancy in the dimensions of the aircraft given in this certificate of air worthiness. Your items No. 15, 16 & 17 should be as follows: 35 feet 2½ inches, 22 feet 5 inches, and 6 feet 8 inches. OK.

Everything else seems to be in good shape, except as above, and we are wondering if it should be necessary for us to return this certificate to you for changes, or whether we should just make the changes in our own copy with pen and ink.

KEPLER AVIATION LIMITED,

D. L. Kepler,  
President.
