

BANISH KITCHEN WORRIES WITH A NEW PERFECTION OIL COOKSTOVE

THIS summer should not find you cooking on the old-fashioned coal range. Prepare for hot weather. Buy your New Perfection Oil Cook Stove now and know real cooking comfort.

The Long Blue Chimney provides a clean, intense heat. Its long draft consumes all the fuel—without heating you or the room in the process. No odor—no smoke. It bakes, roasts, broils, toasts—gives every cooking service at the low cost of coal oil.

The New Perfection Oven is scientifically designed and ventilated to bake unusually well and does it.

The Cabinet adds to the appearance of the stove and is very convenient in many ways.

Royalite Coal Oil gives best results

BRANCHES IN ALL CITIES

For sale in Hardware, Furniture and Department Stores, everywhere.

NEW PERFECTION

OIL COOK STOVE

PEERLESS PERFECTION

No matter how fast it comes, the most unruly animal can't break through a Peerless Perfection Farm Fence—it springs back into shape.

Made of heavy Open Hearth steel galvanized wire with all the impurities taken out and all the strength and toughness left in. Every wire is crimped making the fence into one continuous spring. Top and bottom wires are extra heavy. Will not sag. Requires less posts than ordinary fence. Absolutely guaranteed.

Don't buy a rod of fencing until you get our illustrated Catalog. Describes our big line of farm, poultry and ornamental fencing. Also Peerless farm gates.

Agencies almost everywhere. Agents wanted in all unassigned territory.

NORTHERN ONTARIO

Millions of acres of virgin soil, obtainable at 50¢ an acre in some districts—in others, free—are calling for cultivation.

Thousands of farmers have responded to the call of this fertile country, and are being made comfortable and rich. Here, right at the door of Old Ontario, a home awaits you. For full particulars as to terms, regulations and settlers' rates, write to:

H. A. MACDONELL, Director of Colonization, Parliament Buildings, Toronto, Ont.
G. H. FERGUSON, Minister of Lands, Forests and Mines.

The Heart of
the Milker

EMPIRE
MILKING MACHINES

Another Battle Won for Dairymen

FOR months we have been experimenting—investigating—testing—fighting, to find a way to make the Empire Milking Machine, already the unquestioned leader, still more efficient for the dairy farmer.

THE BATTLE IS WON.

We have given the milking machine a new heart—the pulsator is the heart of the milking machine—and the result of our experiment, the new Empire Super-Simple Pulsator, is the most wonderful development since the invention of the Empire—the competent milking machine.

To be successful a milking machine must have a perfectly acting pulsator to cause the alternating action of suction and massage on the teats (to imitate the calf's "suck and squeeze") to occur with absolute regularity; and to make the change from suction to massage and back again instantaneous.

The Empire Super-Simple Pulsator, the pulsator without a piston, does that and more. It really is Super-Simple—so simple that it can be taken apart and put together again in less than two minutes. It has but five moving parts; nothing to wear out or "get out of gear." It cannot lose vacuum, so its action is perfect.

It places the Empire Milking Machine immeasurably in advance of all competition. Your cows should be milked by an Empire Milking Machine with the new Super-Simple Pulsator. It will

milk them more rapidly than ever—it will solve your labor problem—it will increase milk production at a decreased cost; it will transform milking from drudgery into a pleasant chore.

Our factory is overtaxed by the increased demand for Empire Milking Machines, so go to your dealer at once, see the new Super-Simple Pulsator and tell him to order your Empire outfit without delay; or write for Catalog. J

DUNLOP TIRES

Make a Comparison

Assume nothing in a tire that you cannot see.

It is easy to measure "Traction's" big corrugations, or "Special's" big "buttons," with any competitive anti-skid.

Dunlop Tires go Further
and go Better.

"SPECIAL" - "TRACTION"
