GILSON SILO FILLERS

THE GILSON SILO FILLER is a blower which can be successfully operated with as little power as 4 h.p. There is a Gilson Silo Filler for every purpose—for the individual farmer, for the syndicate, and our large capacity machine for the custom jobber. We guarantee every Gilson Silo Filler to cut and elevate more emmidge with the same power than any other blower cutter.

Will Silo Filling Time find you ready? Write for catalogue to-day.

NATIONAL DAIRY COUNCIL OF CANADA

This Council has saved the milk producers of Canada hundreds of thousands of dollars in preventing shipping rates on milk and cream from being increased.

It wants to educate the consuming Public to appreciate the food and the economic value of milk and its products so that they will use more of them and increase the home market.

The Council asks every dairy farmer in Canada to help it by giving 50 cents towards its funds.

With the patron's consent this 50 cents will be deducted from his June or July payments by the Concern to which he ships his milk or cream, and will be sent by that Concern to the Council.

All dairymen should help to protect and promote the great dairy interests of Canada.
