Prove the "BISSELL" by Its Work

Do the gangs on your Harrow crowd together and raise out of the ground if it is hard? They won't do this on the "Bissell." The "Bissell" is so designed that THE GANGS CANT CROWD OR BUMP together no matter how hard the ground may be.

Tough soil won't stick the "Bissell." It stays right down to its work and pulverizes the ground thoroughly.

We ask you to take a "Bissell" out into the field and test it beside other Harrows. Then you

will HAVE PROOF that it is A SUCCESS ON HARD LAND—THAT IT PULVERIZES THE BEST—and that it is the lightest draught.

Test yourself fully on Harrows before buying. We put our name on every Harrow so that you will know it is genuine. Ask your local dealer, or write to Dept B for free catalogue.

LESS WORK AND A MUCH CLEANER BARN

A BT Manure Carrier installed in your barn does away with all the hard, dirty, disagreeable work of stable cleaning. You lower the big, wide-mouthed bucket right down to the gutter behind the stalls, and easily pitch in half-a-ton of manure. An easy push sends this big load out along the swing-pole to the pile. You don't have to clean your stable by the old, back-breaking, plank-and-wheelbarrow method. A BT Manure Carrier does the work in half the time, and all without any heavy lifting on your part.

THE BT MANURE CARRIERS

You can't afford to be without one. Write for our catalogue and prices to-day. This is the very best time of the year for putting in your carrier—while your work is slack. There is no reason for delay. Our catalogue gives you complete instructions for erecting the outfit, and your carrier will pay for itself in twelve months, in the hard work it saves you. Sit down and write us for catalogue and prices to-day. Address:
