BLESSING OF STATIONS OF THE WAY OF THE CROSS IN ST. PATRICK'S

CHURCH, NAPANEE CHURCH, NAPANEE

The renewal of the Mission conducted a year ago in St. Patrick's church, Napanee, was opened on Friday last, June 24th. Mass was celebrated at 9 o'clock by the pastor, Rev. T. P. O'Connor, and after explaining the reasons of the renewal, the Rev. Father Ethelbert O. F. M., the eminent Franciscan from Montreal, delivered an inspiring instruction on the love of the Sacred Heart of Jesus for mankind.

In the evening His Grace the Most Rev. Archbishop of Kingston solemnly blessed and indulgenced the new Stations of the Way of the Cross, the generous gift of a parishioner, Mrs. A. MoNeil,

of the Way of the Cross, the generous gift of a parishioner, Mrs. A. McNeil, costing the munificent sum of \$1,100. These oil paintings of the Way of the Cross, are a work of great artistic beauty, executed by a special artist for Mayer and Co., of Munich, Bavaria. They and Co., of Munich, Bavaria. They form a real gallery of perfect studies. Each detail is well worked out, and the figures unusually expressive. They are the admiration of all who have seen them, and His Grace the Archbishop struck the true note when he declared that "not in the whole Province can one find stations more artistic or more devotional." At the service of the solemn blessing the Rev. Father Ethelbert was the speaker. He pointed out the Catholic idea of the paintings of the Way of the Cross, and said, "they are like a book, written not in the words of any national tongue, but in the universal language of the heart. Therein all may read, for deeds stand for words, and deeds are intelligible to all, to the all may read, for deeds stand for words, and deeds are intelligible to all, to the poor and rich, to the simple and learned. To this book all may come in the hour To this book all may come in the nour of sorrow and suffering and find comfort and eucouragement. Thus we perceive their religious purpose, to bring before us more foricibly the figure of the crucified Saviour, Who has gone before us, bearing His cross, showing us the rear way must follow?"

At the close of the ceremony, the

The renewal closed successfully on Sunday evening, when the Church was taxed to its utmost capacity. Large numbers of Protestants came with their Catholic friends to hear the rev. Mis-sionary's last instruction. The subject was "the unchangeableness of the doc-trine of the Catholic Church." The rev. Eather, was listened to with marked Father was listened to with marked attention, although speaking for over an hour on the Church's development and its immutability in doctrine. ## DIOCESE OF PETERBORO

Ciatholic boys and girls should be proficient in the knowledge of Bible History and that it was very appropriate that certificates such as they had just received from His Lordship should have been merited by them; for the Church preserved the Scriptures down through the centuries and to-day when their reliability is attacked in so many quarters, she remains as she has ever been, their defender, their infallible interpreter, and the sole witness of their authenticity and inspiration as the written word of God. Catholies have the truth and they ought to be able to give a reason for the faith that is in them, to defend the truth when necessary and to give an intelligent answer to those who seek it from their lips.

Reports are sent every month to parents, showing the conduct, application and standing of their son, and giving information about matters of special interest.

## THE UNIVERSITY OF OTTAWA

The University of Ottawa was founded in 1848, sixty two years ago. It is conducted by the Oblate Fathers of Mary Immaculate, and under their guidance it began with the infancy, and developed with the growth of the city of Ottawa.

The power of granting degrees, recognized by the State as well as by the ognized by the State as well as by the Church, gives the University of Ottawa a certain very real advantage over the ordinary college. A degree usually admits to the study of a profession without preliminary examination, and the the world over is considered as the stamp of the brain-mint, so to speak. Just during one year the eminent positions reached by old students of the University of Ottawa included, as we learn from the rector's address of 1909, a Judge of the High Court of Justice for Ontario; a County Court Judge, an assistant Chief Railway Commissioner of Canada; the Secretary of State for the Dominion; the Superior-General of the Oblate Fathers; the Speaker of the House of Commons, a Supreme Court Judge, the Premier of Newfoundland.

BUILDINGS AND ATHLETIC GROUNDS

The lecture rooms and living quarters of students in residence are located in two fre-proof structures, ranking amongst the best equipped college buildings in Canada. The security which fireproof buildings afford should be a great consideration indeed for parents and students in the choice of a college. God grant that the necessity of obtaining, as far as possible, such security be not too generally disregarded in our educational institutions, until some day appalling loss of life is added to loss of property!

THE CHOICE OF A COLLEGE

The University of Ottawa has to recommend it, the fact of giving as good an education as any institution, Catholic or non-Catholic, in Canada. Obedience to his Church requires every Catholic to send his son only to a college in which all about him reminds him that he is a being who has an interest in eternity as well as in time—that he has a father towards whom he that the fact of the paid-up capital of \$1.23,-257.77. ## STRENGTH IN UNION

Rev. Father O'Donovan, S. J., in giving a mission at Haverhill, Mass., delivered a sermon on the organization of Catholic men. He spoke of the strength that comes from union.

"The means are at our door. There is the Holy Name society, the greatest society for layman in the Catholic Church of America. It is there that we Catholics must join hands against the common enemy. It is, there we must cope with, if we hope to cope with, the Socialist and the Freemason.
