FOSTER AND LYLE, Lyleton, Man.—Imported and homebred Clydesdales and Shorthorns. Correspondence solicited. 15-7

first prizes at the Royal and other great shows. Another is out of a Stranraer mare by the Prince of Wales horse Archduke (8431); a third, of the same age, is by the Highland and Agricultural Society and Ayr first prize horse Baron Fergus (12028), full brother to the champion Benedict (10315). A two-year-old of very fine breeding is out of a mare by old Macgregor (1487), one of the best sires of mares Scotland ever saw; and another, of the same age, is out of a Prince Romeo (8144) mare. There are two of the same age, by Gay Spark (14389), one of them being out of a mare by the Highland and Agricultural Society first prize horse Darnley's Last (6663), and the other out of a mare by the Highland and Agricultural Society champion horse King of the Roses (9927). Of other four two-year-olds, two are by Pride of Blacon (10837), one of the most noted prize horses got by Baron's Pride, and own brother to the dual champion mare Chester Princess, which this year and during the last two, has won the highest honours at all the principal shows. The other two are by the favourite horse Acme (10485), winner of many premiums, and one of the best kind of Clydesdales seen during the past ten years, and the Machars premium horse Bulwark (12070). Finally, there is a superior yearling colt, got by Baron's Pride, out of a Macgregor mare, than which there is no better blood or breeding. Mr. Sinton has made a very good beginning, and with such stock for a start, he is pretty sure to come again."

The other new element in the trade as far as importing is concerned is the firm of Burnett & McKirdy of Napinka, well known throughout the western part of Manitoba. In their first importation they have eleven head of which the *Scottish Farmer* says:

"Nine were purchased from Messrs. A. & W. Montgomery, and two from Mr. John Crawford, Manrahead, Leith. Of these, eight were fillies, and the remainder colts. Among the fillies are two-year-olds by Baron Leven (12831), Sir Ronald (10464), Show King (12357), Flash Sturdy (11710), Baron Mitchell (10688), Prince Thomas Pride (12294), Ascot (10494), and Baron Rowena (12409). These sires are of the best breeding, the 'Barons' being sons of Baron's Pride, while several of the others are premium horses, and Sir Ronald, for example, has sired several high-class, pedigreed animals. On the dam's side most of these fillies are very well bred. One of them is out of a mare by the grand Macgregor horse Claymore (3522), which in 1885 stood second to the great Flashwood (3604) in Scotland, and was first at the Royal Preston. Another is out of a mare by the invincible Prince of Carruchan (8151), never beaten, and winner of the Cawdor Cup three times. The Baron Mitchell filly is out of a mare by the Mid-Caldor premium horse Prince Romeo (8144), and the dam of another is out of a mare by the Aberdeen prize horse Rosario (9996). The three stallions are by sons of Baron's Pride. One is by the invincible Everlasting (11331), which promises to be as famous as a sire as he was in the show-ring. A second is by Baron Mitchell (10688), one of the most popular premium horses got by Baron's Pride. The third is by the Cawdor Cup champion Revelanta (11876). These notes show that Burnett & McKirdy have bought the kind of animals which ought to leave stock to improve the breed of Clydesdales in Manitoba."

HUDSON BAY CO'S. CATALOGUE

The Hudson Bay Company are now issuing their new autumn and winter catalogue, and are advertising same in this issue of the "Farmer's Advocate." Buying by mail is really a very economical mode of shopping, and is practiced more or less by all who live on the prairies. The Hudson Bay Company are, of course, the oldest traders in Canada, so prospective purchasers are assured of satisfaction. Their new catalogue contains cuts of all the latest styles in everything, no matter what you want you will find it in this catalogue. Be sure and read their advertisement, and mention the "Farmer's Advocate."

The reputation of the Gourlay piano has been gained by careful conscientious effort to produce the highest type of instrument made in Canada, and the result has been a piano that now enjoys a continental character for its fine, singing tone, artistic appearance and remarkable resistance to climatic changes.

ROOSE BRUSH CUTTER

The Roose Brush Cutter, advertised on the outside back cover of this issue by Messrs. McNamara & Rubbra, of Wetaskiwin, Alta., should be of especial interest to farmers having brush on their land. The manufacturers claim that this machine will cut willow brush up to four inches in thickness, and will clear from five to twenty-five acres per day. It also cuts so close to the ground that a mower or plow can be used afterwards. The invention of this labor-saving machine is certainly a boon to the West, and all interested should immediately get in touch with the manufacturers.

NOTICE

ODD NUMBERED SECTIONS

As already publicly announced, odd-numbered sections remaining vacant and undisposed of will become available for homestead entry on the coming into force of the Dominion Lands Act on the 1st September next.

As the records of only the even-numbered sections have hitherto been kept in the books of the various land agencies in the Western Provinces, and the time having been very limited since the passing of the Act within which to transfer the records of all odd-numbered sections from the head office at Ottawa to the local offices, it is possible that the transfer of records in some cases may not have been absolutely completed by the 1st September. In any case, where the record of any quarter section has not been transferred, application will be accepted, but will have to be forwarded to head office to be dealt with.

As it has been found impossible as yet to furnish sub-agencies with copies of the records of odd-numbered sections, and in view of the large probable demand for entries, all applicants for entry upon odd-numbered sections are strongly advised to make their application in person at the office of the Dominion Lands Agent. Applications for even-numbered sections may be dealt with through the Sub-Land Agent as before, if desired.

J. W. GREENWAY,
Commissioner of Dominion Lands.
