HOME BANK OF GANADA

It is a good business method to pay all household and personal expenses by cheques against an account with the Home Bank. This saves any dispute as to payment—the cheque being an unquestionable receipt

When you order Atlas Portland Cement, see that you get it. The accent is on the ATLAS. There is none "just as good." The U.S. Government always wants the best. That's why it bought Atlas for the Panama Canal. Do not think that all Portland Cement is the same. Cheshire is better than common hog. Holstein is better than common cow. Timothy is better than common hay. There is a top notcher in everything—a brand that delivers one hundred percent service—a brand by which others are measured—a brand that is cheapest because it makes good. In Portland Cements that brand is Atlas.

Our Free Book "Concrete Construction About the Home and on the Farm"

tells you how to build everything that you need. It tells why Atlas Portland Cement is the best cement to use. The success of concrete construction depends largely upon the quality of cement used. Atlas has the quality which makes concrete work successful. Write for this free book today. If your dealer cannot supply you with Atlas, write to

Ten Good Men

Wanted

Salary \$100 to \$150 per month

We want to engage the services of ten wide-awake, intelligent and energetic farmers in Manitoba, Saskatchewan and Alberta for three or four months, beginning Nov. 15. These men must every one be readers of The Grain Growers' Guide and firm believers in the cause of freedom for which the organized farmers are struggling. They must also be prepared to give us their full time. If they have a horse and rig the position will be even more remunerative. The work is pleasant and dignified and can be done mostly in their own vicinity. Any man prepared for business should write at once as we do not anticipate any difficulty in filling the positions. When writing let us know how you are situated, and state if you have the qualifications mentioned above.
