SAUCE

Dr. Clarke of Red Deer, took a very good fall out of the minister of finance the other day when after asking him if he desired to encourage the exportation of iron manufactures from Canada to the United States, and receiving an affirmative reply, said, "I am surprised at that, because when I wanted to get an opportunity to export wheat I was treated to sermons on the value of the home market. Is not what is sauce for the Western goose good enough for the Eastern gander?" Dr. Clarke's point was well made; many other such catches are made in the House of Commons. Unlike others, this one has a very broad application. The Conservative govern- men has had Hon. Geo. E. Foster run- ning around the world for two years searching the West Indies, China, Japan, Australia and New Zealand for markets for the manufacturers of the country. It has consuls in many foreign cities sending in weekly and monthly returns of the best means by which Canadian manufacturers can secure markets in these cities. At a single stroke the government could open the whole mar- ket of the United States to the wheat farmers of the West, but they refuse to do it. Why?—Montreal Weekly Witness
